# CONSULTANTS

## COMMITMENT TO QUALITY

Here at Maver we are justifiably proud of our product range. We offer top quality products at sensible prices and continuously strive to remain at the forefront of modern technology. Of course, we would not be able to achieve such an impressive range of innovative, high quality products without the serious input of top match anglers like Denis White, Andy Kinder, Paul Boothby and Steve Mayo. Add to this the power of Scottish International Jamie Masson and the team of angling brilliance is completed. Local talent is also recognised by Maver and now includes Carl Jones and Craig O'Brien within our team of consultants.

Paul Boothby, Andy Kinder and Steve Mayo are recognised for their all round expertise and contribute towards product design, they also represent us out in the field.

The input of the Maver Barnsley match team is also vital to us. 20 Anglers who really do tell it like it is. If it's not right, they make their opinions clear at our product development meetings. With such a powerful team of consultants working alongside us, you can rest assured that quality is supplied as standard with every Maver product.

### Jamie Masson

A full time angler and qualified PAA coach, Jamie brings with him a wealth of angling experience. He is the two times winner of the coveted title 'UK Champion' and he is widely recognised for his talent on commercial fisheries. His expertise has assisted us in developing a number of accessories, including the

'Match This' Commercial Carp accessories and Black Ice Carp pole floats. His input into rods and poles is essential. His talent has already been recognised by the Barnsley Blacks, and now at full international level by Scotland.

### Denis White

Denis has a wealth of angling knowledge and experience, which is essential when designing tackle like rods and poles. If the action of a rod prototype needs changing it is invariably Denis who gets the change right, first time. A former England international who has represented his country on

numerous occasions, it's impossible to find any angler with more knowledge of the sport.

### Andy Kinder

Andy has worked as a Sales Representative for Maver for a number of years and fishes at the top level every week with Maver Barnsley Blacks. His constant contact with retailers and top anglers enables him to spot tackle trends as they develop, which, in turn, enables Maver to react quickly to customer demands.

### Paul Boothby

Staffordshire based Paul Boothby is a well respected match angler who brings bags of ability and experience to the Consultant Team. Former Kamasan Matchman of the Year winner, Paul gained his enviable reputation on canals but in recent years has turned to stillwaters and rivers to broaden his knowledge. A true all-round angler who is hard to beat on any venue.

### Steve Mayo

One of the finest anglers in the South West, Steve has an enviable record on commercial waters up and down the country. He fishes for the talent packed Dorking team and is the former winner of the Angling Times Pairs at Larford Lakes. Steve's in-depth knowledge of the sport makes him a great asset when it comes to input for new products.

### Carl Jones

Carl has taken paste/pole fishing to another level. It's his favourite method and one that has seen him win countless matches on the West Midlands commercial circuit. Carl is also a past winner of the prestigious Maver Larford Lakes Summer Festival.

### Craig O'Brien

Craig knows how to catch big carp having spent many years sat under a bivvy waiting for his bite alarms to go off. However, he has since swapped his pod and buzzers for a life on the carp match scene. He's become a master at fishing the Method feeder and is now ranked as one of the best in the country when using this technique.

### Maver Barnsley Blacks

Experience, quality, knowledge and massive ability sums up the Barnsley Blacks squad. Not only are they the most successful team in the UK, they also play a very active role in product development and don't hold back when it comes to criticism. If a prototype isn't correct, Maver are the first to know!

### Maver Veals

Maver Veals bring knowledge of a wide range of angling disciplines to the product development team. With many 'time served' anglers in their ranks, contributions are innovative and practical.

Pole Care & Maintenance

Maver's Competition and Elite series of poles have proved to be one of the industries success stories of 2007.

The introduction of Nanolith technology combined with fantastic kit packages, has provided anglers of all levels and abilities with poles that perform brilliantly on canals, rivers and commercials.

The Competition series for 2008 has been further enhanced with the introduction of two new long poles and an extremely impressive margin pole. All three poles benefit from the top technology associated with Maver/Reglass production, including Sun Core (AFS) finish, Magic Steps, Fusion, Teflon Joints, Clean Caps and in the case of the two long poles interchangeable kits. All three poles need to be handled to appreciate just how outstanding they really are.

The stunning Elite Plus Series now benefits from seriously enhanced kit packages, plus improved rigidity and strength.

The addition of an affordable 7m Abyss pole, a top quality whip set and a range of new optional sections and kits, makes the 2008 range of Maver poles the best we have ever produced!

# POLES

## SUN CORE

A carbon and resin treatment providing an anti-friction finish that enables the pole to be shipped with incredible ease during wet or dry conditions. This revolutionary surface not only adds strength, but also protects the overall fishing action during hot and cold temperatures.

## FUSION

Fusion is two high modulus carbons fused together as one whilst wrapped on the mandrel. The end result being ultra rigid top kits with no tip bounce, allowing the angler to hit lightening fast bites with ease.

## MAGIC STEPS

Present in the match top 2 and power number 1 sections. This new technology is an industry first providing the angler with a silky smooth elastic system. A series of teflon coated inner steps prevents the elastic from making contact with the inner wall of the pole sections, substantially reducing elastic stick, allowing the elastic to gather quickly after that bonus fish has been landed.

## TEFLON JOINTS

A fine wrap of pure teflon bonded directly onto the male joints, substantially reducing carbon to carbon wear. A simple twist locks the sections in place, untwist the opposite way quickly unlocks the sections.

## LINEAR JOINTS

The innovative linear joint system provides a distinct advantage over our competition. The long Teflon coated joints are tapered so when engaged prevent the female edge from chipping. The distinct shoulder of the male joint makes for easy shipping with virtually no joint edge present when fishing at speed.

## ANTI-FRICTION SURFACE (AFS)

A special resin finish that enables the pole to be shipped incredibly smoothly and quickly. It's applied from sections 5 to the 13m butt section on many of our poles.

## CLEAN CAP SYSTEM

Substantially reduces joint wear by continually cleaning the inner female joint. Also prevents accidental damage to the ends of joints.

## DIAMOND GROUND FINISH

This silky smooth finish enables the pole to be shipped in and out quickly and smoothly.

# ELITE PLUS 57

Introducing the awesome new Elite Plus pole range featuring the very latest in pole technology. Both the new Elite 57 and 47 models are longer than their stated lengths allowing the angler to cut back match tips for lighter elastics, yet still maintaining the full 16 metres. Hosting no less than 7 technical innovations including Sun Core, Fusion, Magic Steps, Linear Joints, Teflon Joints, Clean Caps and Nanolith impregnated fibres. Super Lithium, the world's lightest metal, is also present in our flagship production, when combined with the Nanostructured fibres it substantially enhances the overall balance and rigidity, and further reduces the overall weight of the poles.

OFFER PRICE **£2999.00**

### NEW ELITE PLUS 57 16m

The flagship model for the 2008 season and the pole all our competitors will be chasing and certain to be viewed by many as the most technically advanced pole ever produced. Outstanding in every aspect, boasting superior rapidity of action. At 11.5m the 57 weighs just 595 grms and at 13m weighing a featherweight 848 grms.

A pole that will comfortably handle 12/20 Dual Core elastics with power kits fitted. Fish with match kits and the pole is the very best silver fish pole produced. The 9 section mandrel technology provides the angler with a substantially stiff action pole with the hidden strength of the Nanolith impregnated fibres and further reinforced by Super Lithium. The Linear Joints combined with Sun Core make shipping incredibly smooth in all conditions.

Fishing on commercials, lakes, canals and rivers make this state of the art model the perfect all-rounder. Experience the feeling of the worlds most technically advanced production.

Additional features:

- Put over joints • Linear Joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

The revolutionary Nanolith material was added to our range of poles last year, and the results were clear for all to see, a range of poles far superior to anything else available. Nanolith is a special resin with Nanometric particles. The microscopic particles provide greater resistance and above all damping properties. The angler benefits from an improved rapidity of action, resulting in a range of poles that are lighter, stiffer and vibration free. With this innovative technology, Maver remains at the very forefront of the industry.

# ELITE PLUS 47

### NEW ELITE PLUS 47 16m

An incredible pole in terms of innovation and performance. This fantastic new pole boasts all of the outstanding features, matching the innovation of the top of the range Elite 57.

At 11.5m the 47 weighs just 650 grms and at 13m an unbelievable 899 grms. Reinforced with the combination of Super Lithium and the revolutionary Nanolith, the Elite 47 is incredibly stiff in its action and beautifully balanced at all lengths.

Manufactured from high modulus carbon the 47 can only be bettered by the flagship 57. In simple terms this pole is truly outstanding. Its rapidity of action is superb and will cope with all commercial carp angling as well as speed fishing with lighter rigs and elastics.

Get ready to be impressed - very impressed!

Additional features:

- Put over joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

# COMPETITION 401

*"The 401 is a strong pole, but it also has the right type of balance and rigidity to make it a real multi-tasking tool.... deservedly the flagship pole of Maver's Competition range"*

Mark Sawyer - Angling Times

*"As they say 'you get what you pay for' and the 371 is pure undiluted quality and is a joy to fish with"*

Mark Sawyer - Angling Times

## NEW COMPETITION 401 16.0m

The new flagship Competition model for 2008. Without question the best sub £2000 pole we've ever produced. Featuring Magic Steps, Sun Core (AFS) Finish, Fusion, Teflon Joints, Clean Caps and Nanolith technology.

Weighing a featherweight 593 grms at 11.5m and only 840 grms at 13m. The rigidity and balance is truly superb at all lengths, with the strength to make the pole suitable for all situations.

Supplied with a comprehensive kit package as standard, comprising of no less than 10 kits including the top 3 housed inside the pole.

The new 401 is an incredible pole in terms of innovation, price, performance and package. Looks certain to sell in massive numbers throughout 2008.

# COMPETITION 371

# COMPETITION 301

## COMPETITION 301 16.0m

Without doubt, the best pole at this price point we've ever produced. The 301 can only be bettered by the flagship models. Featuring Magic Steps, Sun Core (AFS) Finish, Fusion, Teflon Joints, Clean Caps and Nanolith technology.

The Nanostructured competition pole is awesomely stiff and weighs a micro 614 grms at 11.5m and a featherweight 850 grms at 13m. The rapidity of action is outstanding, fishing brilliantly at 14.5m and 16m lengths.

An incredible pole that is suited to commercial carp, lake, river and canals. Supplied with a fantastic kit package as standard.

A proven seller.

Additional features:

- Put over joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

Code	Model	RRP
B5065	Competition 301 16.0m	£1372.00

**Retail Price £1465.00**

**OFFER PRICE £1099.00**

*"The 301 is a stunner in virtually all respects and is the ONLY pole I can remember fishing with for long periods at full length. One of the best Maver poles I've fished with - at any price"*

*Dave Woodmansey - Angling Times*

*"I found every carp landed was beaten with an ease that only comes through using a quality piece of kit - it really was that impressive"* Mark Sawyer - Angling Times

## COMPETITION 271 16.0m

At its price tag, the 271 is as good as it gets. Superb rigidity, this lightweight 9 section all-rounder is supplied with a total of 6 kits including the top 3 inside the pole. Featuring Magic Steps, Sun Core (AFS) Finish, Fusion, Teflon Joints, Clean Caps and Nanolith technology.

At 11.5m weighing just 633 grms and at 13m a featherweight 859 grms. The 271 is ultra stiff and strong walled making it a true carp competition, lake, canal and river pole.

At its price point, we believe this model should be compared favourably with our competitors models retailing at twice its price point. A very impressive pole and package.

Additional features:

- Put over joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

# COMPETITION 271

# COMPETITION 201

## COMPETITION 201 16.0m

The best mid-priced pole we've ever produced. The 201 is outstanding at 13m, unbelievable at 14.5m and excellent at 16m. Featuring Magic Steps, Sun Core (AFS) Finish, Fusion, Teflon Joints, Clean Caps and Nanolith technology.

At 11.5m weighing in at a featherweight 618 grms and at 13m an unbelievable 868 grms. Supplied at 16m as standard with a total of 6 kits including the top 3 housed inside the pole.

A true all-rounder for carp on commercials, lakes, canals and rivers. All the innovation at a price well below its true retail value.

The independent reviews say it all!

Additional features:

- Put over joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

*"At 14m, the 201 was as rigid a pole as I've ever had the pleasure of holding. The 201 is clearly the finest mid range model I've used - ever!"*

*"At a full 14.5m length, the 151 feels rock solid, fast and, thanks to Maver's Nanolith carbon technology, it recovers rigidity almost instantly"* Dave Woodmansey- Angling Times

## COMPETITION 151 14.5m

9 section mandrel technology at its very best. This fantastic all-round competition pole boasts all of the innovation previously found on models at more than double its price point. Featuring Magic Steps, Sun Core (AFS) Finish, Fusion, Teflon Joints, Clean Caps and Nanolith technology.

Supplied at 14.5m as standard the 151 weighs a featherweight 614 grms at 11.5m and just 827 grms at 13m. The action is extremely stiff and the addition of the Nanostructured material all but eliminates the bounce when shipping at speed.

A massive seller in 2007!

# COMPETITION 151

# COMPETITION 101

*"I can truthfully put my hand on my heart and tell you that, for the money, in my opinion there is nothing to get anywhere near this Maver 13m Competition 101 pole. The best £350 you'll spend"*

Mark Sawyer - Angling Times

## NEW COMPETITION 101 13m

We've done it once again - putting a top level pole in the hands of a newcomer to pole fishing.

At this price point the Competition 101 is nothing short of remarkable. Featuring the same technology found on models costing more than £2000. Features such as Magic Steps, Fusion, Sun Core AFS finish, Teflon Joints and Nanolith impregnated fibres have never been available at this price level before.

Supplied at 13.0m as standard, the 101 weighs just 696g at 11.5m and only 932g at 13.0m. As with the entire Competition range, all of the sections interchange making it easy for you to upgrade over time. With the optional extra of a short number 4 section, you can turn this pole from remarkable into something out of this world! Feeling is believing.

Additional features:

- Put over joints • Telescopic top 2 match kit
- Rated to 10 elastics with match kits
- Rated to 12/20 Dual Core with power kits

# COMPETITION MARGIN 8.0m

*"The strength of this margin pole is nothing short of incredible. I have never seen anything like it - it really is that impressive!"*

Steve Mayo

## NEW COMPETITION MARGIN 8m

The new Competition Margin is truly unbelievable, and has to be viewed to fully appreciate the immense strength offered by this lightweight, slim margin pole.

Featuring all of the technology found on the rest of the Competition poles, including Sun Core, Teflon Joints, Fusion, Magic Steps and the incredible Nanolith, which makes this pole incredibly stiff and responsive.

Utilising new technology, this is the strongest margin pole ever produced by Maver. Supplied as standard at 8m, with an extension available to take it to 9.5m.

Strong enough for taming those animal carp with the heaviest of rigs or fishing line to hand on river festivals swinging fish to a kilo to hand with confidence.

Weighing a featherweight 384g at 8m.

Additional features:

- Put over joints
- Rated to 20 elastics
- Special high tensile carbon with immense strength

Code	Model	RRP

OFFER PRICE **£199.00**

# MULTI-USE POLES & WHIPS

## DISTINCTION 16m

The Distinction excels in every department. High modulus carbon, 9 section mandrel technology at its best. At 11.5m the Distinction weighs a mere 671grms and an unbelievable 940 grms at 13m. The overall strength of this pole will suit all commercial carp anglers needs but also be judged as the perfect canal, lake and river pole. Featuring big bore tips so little cutting back is required, and diamond ground finish for easy shipping at speed in all weather.

### Additional features:

- Put over joints • Telescopic top 2 match kit • Wide bore tips
- Rated to number 10 elastics with match kits fitted
- Rated to number 12/20 dual core hollow with power kits fitted

OFFER PRICE **£999.00**

## ASCENSION 14.5m

The Ascension is designed for anglers who want all-round performance but with the emphasis on targeting bigger fish on commercial fisheries. Manufactured from high modulus carbon and 9-section mandrel technology, the Ascension is the perfect pole for anglers who want top performance at a very sensible price. Weighing just 667 grms at 11.5m and only 999 grms at 13m. Capable of handling 12/20 hollow elastics with power kits in place. The Ascension comes with a fantastic kit package as standard, as well as a super taper section, which converts this already stiff pole to something truly outstanding for this price point.

3 x Power Kits, Super Taper Section, Cupping Kit & Cups, Pole Bag & DVD.

Retail Price £665.00

OFFER PRICE **£499.00**

## DEPLOY 13m

Using state of the art 9 section technology, the action is extremely rigid, the balance and rapidity of action outstanding. Manufactured from high modulus carbon, the Deploy is a quantum leap forward compared to models previously supplied at this price level. Beautifully balanced and weighing in at just 750 grms at 11.5m and an amazing 1070 grms at 13m. The Diamond Ground finish makes shipping at speed a breeze in all weather conditions. The Deploy is very much at home on commercials and will accommodate heavy solid 20 or 12/20 hollow elastics with the large bore power kits fitted, or a 10 elastic with match kits fitted. A true all rounder in every sense that fishes brilliantly at its full length.

### INSPIRATION - 8m

1 x Match Top 3 Kit, DVD & Holdall

Retail Price £199.99

OFFER PRICE **£150.00**

## INSPIRATION WHIP SYSTEM 8m

By popular demand we've introduced a featherweight, ultra slim whip system for canal, river or lake angling. Top 3 telescopic, with hollow tip for competition elastics or telescope a flick tip for light line to hand work.

By removing the hollow number 1 section the pole converts to a very strong margin pole capable of handling 20+ elastics.

At 8m the Inspiration weighs just 334grms which will comfortably accommodate the newcomer or junior angler to the sport. Very impressive speed pole providing both strength and finesse. Excellent pole for line to hand fishing.

## NEW ABYSS 7m POLE

The new Abyss 7m pole offers an affordable and rigid package to anglers working with a tighter budget. Supplied at 7m as standard, well suited to margin fishing with a massive 20 elastic rating. Featuring a wide bore tip that requires no cutting back. Weighing just 600 grms at 7m.

Code	Model	RRP
B5195	Abyss 7m Pole	£39.99
B5198	Top 2 Kit	£19.99

Code	Model	RRP
B5240	Whip Set	£120.00

## NEW FALCON ALBORELLA WHIP SET

A new set of top quality telescopic whips, all supplied in a neat padded carry case. Set comprises of four lengths: 2.5m, 3m, 3.5m and 4m. The perfect tools for speed fishing on rivers, canals and lakes. Weighing 62g at 2.5m, 71g at 3m, 88g at 3.5m and 108g at 4m.

# TOP KITS & POLE ENHANCEMENTS

## NEW SUPER LONG NUMBER 1 SECTIONS

Most match kits comprise of a telescopic number 1 and number 2, so it can cost as much as £80 to make up individual kits. Maver's latest innovation is a long number 1 which incorporates the number 2 section. Ideal for short lining and F1 fishing. This long combo eliminates the need to collapse the telescopic versions for storage and it will fit comfortably inside the pole when packing away or can be housed inside extensions or conventional rod tubes, fits on to the number 3 of a match kit. Manufactured from high modulus carbon and features Sun Core finish, Fusion and Magic Steps.

- B5180 fits all Competition poles (length 175cm, 5ft 6")
- B5181 fits all Elite poles (length 157cm, 5ft)

Code	Product	RRP
B5180	Comp. Super Long No.1	£34.99
B5181	Elite Super Long No.1	£34.99

## NEW COMPETITION SERIES SHORT POWER KIT

A new shorter power kit, that will fit all models within the Competition range. The shorter power top 2 is ideal for fishing shallow on commercials, where the extra length provided by the standard power kits is unnecessary. Featuring Sun Core finish, Magic Steps and a big bore tip. Made up length measures 2.65m.

Code	Product	RRP
B5188	Short Power Kit	£55.00

## ASSEMBLED MULETTO POWER KIT

Ready assembled power kit incorporating the patented Mulletto bung and nose cone. Each kit is ready elasticated with the popular orange Maver Dual Core 12/20 hollow elastic. The tip of the power kit contains the best internal PTFE bush. The kit is ready to go and can be cut back at the base to fit many poles currently on the market. The Mulletto system works brilliantly with hollow elastics in place. Assembled kit contains: Mulletto bung and wheel, nose cone, extractor rod, internal PTFE bush and 3 metres of 12/20 Maver Dual Core.

Code	Product	RRP
B5120	Assembled Mulletto Kit	£49.99

## UNIVERSAL LONG BASE POWER KIT

High modulus, lightweight universal power kit with extended reinforced section, meaning it can be cut to fit most poles. Fits perfectly onto the number 4 section of all Competition series poles. The two piece power kit features a large bore tip and is rated to 20 elastics.

Code	Product	RRP
B5115	Universal Power Kit	£35.00

## SUPER TAPER SECTION

Attention all anglers with 9 section Maver poles - you should all have one of these. Fit this high modulus carbon section and change the action of your pole instantly. If you're looking at fishing with short lines, either on commercials or across the far shelf of the canal, you will need this new technology. By fitting the section directly to the number 3 of your match kit then onto the number 6, you will substantially stiffen the overall action of the pole beyond belief. The Super Taper Section will also stiffen the pole to combat side winds and also hold up power kits, eliminating the droop that heavier power kits can cause. The strength of the Super Taper section will also enable you to put pressure on hard fighting commercial carp, as it also doubles up as a fighting section. This strong jointed Super Taper Section is technology at its best and, as good as they already are, will improve all Maver 9 section poles.

### B3360 Fits:

Medusa, Messiah, Deliverance 2, Super Powerlite, Medusa Platinum, K47, K31, K27, Satanic, Thema.

Code	Model	RRP
B3360	Super Taper Section	£59.99

### B4780 Fits:

Resolution, Ascension, Declaration, Distinction

Code	Model	RRP
B4780	Super Taper Section	£69.99

**Please Note: Super Taper Section does not fit the new Competition Series.**

## NEW COMPETITION SERIES SHORT NUMBER 4 SECTION

A new short number 4 section with Sun Core finish that will fit all models in the Competition range. As incredible as each of the Competition poles are, by adding this short section substantially stiffens the overall action. The strength of the short number 4 also makes it ideal for applying pressure to hard fighting commercial carp, and for when that extra length is required to net a large fish.

Code	Model	RRP
B5185	Short No.4 Section	£59.99

## UNIVERSAL CUPPING KIT & CUPS

A superb cupping kit, manufactured from high modulus carbon. Each kit has a long, reinforced base, enabling the angler to cut back to fit most poles. It can be used as a power kit for big elastics or for cupping. The large diameter tip reduces 'bounce' when shipping large amounts of feed. Supplied with two cups, 1 x 100ml and 1 x 250ml and two metal thread adaptors.

Code	Product	RRP
B5190	Uni Cupping Kit	£39.99

## NEW POLE POT SET

New set of pole pots, manufactured from strong yet lightweight plastic. Supplied with two adaptor sleeves with brass threads, one with standard bore and one with large bore. 3 pots per pack, small (100ml), medium (150ml) and large (250ml).

Code	Product
J675	Maver Pole Pot Set

## MAVER POLE POTS

2 sized pots, medium (100ml) and large (250ml), with two interchangeable adapter sleeves. The pots are lightweight in construction and the whole system makes feeding easy. All have stainless steel threads. Supplied with 2 pots per packet.

Code	Product
J308	Maver Pole Pots

# POLE CARE & MAINTENANCE

## WET WALL ALIGNERS - EXCLUSIVE TO MAVER

Innovative EVA Clean Cap aligners with a PTFE inner bush allowing the elastic to run freely and preventing contact with the inner pole wall. When folding down the two piece power kits, the system prevents contact with the edge of the pole sections during storage. Available in a choice of popular sizes. A brilliant idea and exclusive to Maver.

Code	Product
B5110	9mm Wet Wall Aligner
B5111	10mm Wet Wall Aligner
B5112	11.5mm Wet Wall Aligner
B5113	14mm Wet Wall Aligner

## CLEAN CAP SYSTEM

The Maver Clean Cap System protects the end of the pole sections from accidental damage due to misplaced alignment and cleans out the inner female joint every time you unship. Designed originally for Maver production, they also fit all other makes of pole. **Patent No. GB 2342835.**

Code	Size
B1820	9mm
B1821	10mm
B1822	11.5mm
B1823	14mm
B1824	16mm
B1825	18.5mm
B1826	21mm

Code	Size
B1827	22mm
B1828	25.5mm
B1829	27mm
B1830	29mm
B1831	31.5mm
B1832	33mm

## EVA POLE SHIPPER BASE BUNGS

High quality EVA bungs that fit a number of pole base sections. Simply push into the base of the pole section to protect the pole wall when shipping. Supplied in a set of 4 sizes: 36 - 40mm, 39.5 - 43.5mm, 41.5 - 45.5mm and 43 - 47mm.

Code	Model
B5105	EVA Pole Shippers

## ROUBAISIEEN (LONG POLE) CLEANING KIT

Contains 3 different size brush heads and 6 aluminium rods that screw together to make a maximum 1.60m cleaning rod. The brush heads will clean out the major pole sections and all packs away inside a neat plastic presentation case. All serious anglers should have one.

Code	Model
J350	Roubaisien Cleaning Kit

## JOINT BUILD UP

Use as build-up spray for pole joints, additional protection and re-building of pole joints.

## P.T.F.E JOINT PROTECTOR

Superior joint save. Fast drying, simply spray on joints to prevent wear. Superb lubricating properties.

## CARBON GRAPHITE SPRAY

Use for building up worn sections. Superb lubricating properties. The carbon spray dries in seconds leaving a matt finish which, when polished, transforms to a mirror type finish which is hard wearing and long lasting.

Code	Product
J360	Joint Build Up
J365	PTFE Joint Protector
J375	Carbon Graphite Spray

## NEW COMMERCIAL SENSE 3 DVD COMING SOON

## MAVER DVD'S

DVD's featuring Jamie Masson and Andy Kinder. Each action packed DVD demonstrates pole and tip fishing during summer conditions. Large bags of carp, tench and bream are caught with detailed demonstration of feeding, baits and rigs. Two fantastic DVD's filmed at Larford Lakes that both educates and entertains.

Code	Product	RRP
VID03	Bagging Silver DVD	£14.95
VID04	Bagging Gold DVD	£14.95

## EXPANDA SKID BUNG

A brilliant and simple idea. Simply insert the adjustable skid bung into the base of major pole sections. Twist the head of the bung and the base expands, holding the device firmly in place. Every pole angler should own one.

Code	Model
J448	Expanda Bung

# COARSE RODS

Maver rod sales in 2007 exceeded all expectations.

Combine the loyal following that Reactorlite and Powerlite have built over the last few years with the introduction of 4 new families offering 13 new models, and you have, we believe, the best rod range ever offered by Maver.

The all new Abyss range represents the highest quality rods Maver have ever offered at this price point. These superb carbon rods must be handled to be fully appreciated.

The ever popular Genesis family has undergone a huge face-lift and upgrade for the coming year along with a name change to Genesis Black Ice. The stunning new finish combined with high modulus carbon and top specification fittings will make this family of rods a massive success in 2008.

Black Ice Competition rods were launched in the summer of 2007, initially comprising of two 12ft two piece options which have sold extremely well. The addition of four more rods to this family will only increase the growing popularity of this top quality range.

Following the immensely successful introduction of Nanolith technology into Maver's pole range in 2007, it will come as no surprise that the new flagship rod range for 2008 will incorporate this revolutionary innovation. The Nanolith family will become the benchmark for anglers who demand the very best and must be handled to fully appreciate the impact this technology has relative to rod development.

All rods carry an informative swing tag detailing a brief description, key features and line ratings. Last but not least, every rod you purchase regardless of price point provides exceptional value for money.

# NANOLITH

## MATCH RODS

### NEW NANOLITH MATCH 12FT 2 PIECE

The perfect match and pellet waggler rod.

2 piece match rods have established a following with the serious match angler nationwide. Easily stored as a made up, ready to go match tool, that can be transported easily within the Maver ready rod holdalls.

The high modulus Nanolith series are featherweight rods with superb fast tip actions that transfer overall power through to the butt when larger fish are hooked.

Only top quality fittings have been used throughout coupled with a stunning Sun Core finish.

A must view model that needs to be handled to fully appreciate the quality of build.

#### Features

- EVA twist grip and top quality full cork handle
- Fuji SIC lined guides throughout
- Fuji graphite screw reel fitting
- Sun Core finish • Put over joints
- Folding hook keeper
- Supplied in quality rod bag

#### Through Action

**Recommended casting weight:** 20g - 25g

**Recommended line rating:** 3lbs - 8lbs

**Weight:** 148g

Code	Model	RRP
A1500	Nanolith 12ft 2 piece (3.6m)	£275.00

The revolutionary Nanolith material was added to our range of poles last year, and the results were clear for all to see. Now we have introduced this innovative technology to a range of top class match rods. Nanolith is a special resin with Nanometric particles. The microscopic particles provide greater resistance and above all damping properties, eliminating tip bounce. The angler benefits from an improved rapidity of action, resulting in a range of rods that are lighter and with an incredible tip speed. With this innovative technology, Maver remains at the very forefront of the industry.

### NEW NANOLITH MATCH 13ft MEDIUM ACTION

Stunning Sun Core finish with top quality fittings throughout.

This new 3 piece match rod is ultra light with an action that will more than impress both River and Lake anglers alike.

Superb tip action that gently transfers through to the mid-section when larger fish are hooked.

The addition of Nanolith all but eliminates rod bounce when casting at distance. Very fast action with bags of hidden power.

Again a must view rod to fully appreciate its many qualities.

#### Features

- EVA twist grip and top quality full cork handle
- Fuji SIC lined guides throughout
- Fuji graphite screw reel fitting
- Sun Core finish • Put over joints
- Folding hook keeper
- Supplied in quality rod bag

### NEW NANOLITH MATCH 13ft HEAVY ACTION

A rod with incredible power but having the feel of a lightweight silver fish model. Featuring Sun Core finish throughout with top grade Fuji rings and reel seat.

The addition of Nanolith eliminates tip bounce, providing a crisp and precise fast casting action.

The fine diameter hollow tip transferring power to the mid and butt sections when seriously big fish are hooked.

All of the new Nanolith rods are an industry first and must be handled to fully appreciate the superb innovation.

#### Features

- EVA twist grip and top quality full cork handle
- Fuji SIC lined guides throughout
- Fuji graphite screw reel fitting
- Sun Core finish • Put over joints
- Folding hook keeper

# REACTORLITE MATCH RODS

## REACTORLITE MATCH 13FT

Reactorlite - seeing is believing. If you want the very best float rods for match angling, you want the Reactorlite Match Rods. Over 2 years of intensive research and development has gone into the design of the Reactorlites.

They are manufactured from a unique high tonne 'radial carbon' process and feel and perform like top end match rods but with one added advantage - they don't lock up under extreme pressure.

The pure ground hollow tips work exactly as a conventional match tip, but as pressure is applied, they gently transfer the power from tip to butt. The added advantage is that the Reactorlite has a non-locking action all the way through to the butt. We are so confident, if a rod is broken under conventional use within the first 12 months of use, we will replace it free of charge.

### Features

- EVA twist grip and top quality full cork handle
- Quality SIC single leg lined guides
- Quality graphite screw reel fitting
- Folding hook keeper ring
- Supplied in quality rod bag

### Through Action

#### Recommended Casting Weight:

15g - 20g Match 1 • 20g - 25g Match 2

#### Recommended Line Rating:

#### Weight:

196g Match 1 • 204g Match 2

Code	Model	RRP
A775	Match 1 Medium 13ft (3.9m)	£170.00
A780	Match 2 Heavy 13ft (3.9m)	£170.00

## REACTORLITE 12FT MATCH PELLET WAGGLER

Reactorlite match rods have fast established a following with the serious competition angler. This high modulus non-locking 12ft blank is a gem and is perfect for modern day commercial match fishing. Being a 2 piece rod it is designed to be fully set up and housed in Maver's Double Compartment Ready Rod Holdalls. Ideal for fishing a splasher waggler with pellet shallow.

The ultra slim carbon blank has quality SIC lined guides throughout, twist EVA top grip and high quality screw lock reel seat. Gun smoke reel hoods and quality cork handle. The Reactorlite 12ft is a top class rod with a superb action and top quality fittings.

Designed and fully endorsed by Maver's **Steve Mayo**, who has already won numerous big matches using this versatile rod.

## NEOPRENE ROD BANDS

Set of 2 quality neoprene rod bands. ideal for use with the Reactorlite 12ft Pellet Waggler when being stored in a ready rod holdall.

Code	Product
N318	Neoprene Rod Bands

## REACTORLITE 15FT/18FT FLOAT

The Reactorlite 15'/18' is a superb river rod with the versatility to cope with shallow and deep swims alike, as well as floats ranging from small sticks through to heavy bolognese style tackle. However, not only is it a superb tool for the river enthusiast, it will also find plenty of fans with commercial anglers who need the extra length to cast big floats or to catch big fish in the margins.

Top quality single leg SIC guides throughout. Graphite screw reel fitting with gunsmoke hoods, complete with EVA twist grip and full cork handle. All packaged in a neat divided velvet bag.

### Features

- EVA twist grips and top quality full cork handles
- Quality SIC lined guides
- Quality graphite screw reel fittings
- Folding hook keeper ring

# REACTORLITE

## FEEDER RODS

### REACTORLITE FEEDER SYSTEM

2 years of intensive research and development went into the design of the Reactorlite. Manufactured utilising the unique high tonne 'Radial Carbon' process which refuses to lock up, even under the most extreme pressure.

This stunning system offers a combination of 9', 11', 12' and 13' rods, which will more than impress when you feel the lightness, balance and action of each option. With 4 butt sections, one middle, one tip carrier section and 6 carbon quivertips, this rod combination will cover all feeder fishing situations.

The 12' and 13' versions are capable of launching medium method feeders to the horizon. The 9' is the perfect 'snitcher' for shy biting skimmers and roach, whilst the 11' version can be judged as a true bream and the perfect winter carp rod.

Each carbon tip has a separate function and is carefully graded to marry in perfectly. Pure quality with attention to detail in every aspect. Finished in deep black, with single leg lined guides throughout, including all of the graded and individually numbered tips. Quality graphite screw reel fittings with EVA top twist grips and full cork handles. A folding hook keeper ring completes this amazing rod.

The 12' and 13' versions are also available as individual rods, complete with 3 carefully selected tips. The 12' is supplied with tips 2, 3 and 4, while the 13' is supplied with tips 3, 4 and 5.

To complete every popular length of feeder rod, we have introduced an individual 10' model for shy biting roach on rivers and of course, winter fishing for carp on commercials. Supplied with 3 carefully selected tips.

### Features

- EVA twist grips and top quality full cork handles
- High quality SIC single leg lined guides throughout
- Quality graphite screw reel fittings
- Folding hook keeper ring
- Supplied in quality rod bag

### REACTORLITE 12FT READY ROD FEEDER

Reactorlite feeder rods have quickly established a following with the serious competition angler. This high modulus non-locking 12ft blank is a gem for the commercial and conventional match angler alike and has been designed to be fully set up and housed in Maver's Double Compartment Ready Rod Holdalls. The ultra slim carbon blank has quality SIC lined guides throughout, twist EVA top grip and high quality screw lock reel seat. Gun smoke reel hoods and quality cork handle. 3 beautifully graded carbon tips housed in their own tube complete this awesome package.

### REACTORLITE 12FT/13FT 6" METHOD FEEDER

A stunning rod of the highest quality. Built to cast fully loaded method feeders to the horizon. Again built from the popular Reactorlite non-locking carbon, each rod is supplied to fish at two different lengths. The 12ft power house has a detachable butt section with spigot joint, quality Fuji graphite screw reel fitting, full cork handle and quality SIC guides throughout. To convert to a distance 13ft 6" model, simply add the separate dolly extension provided. Extending to 13ft 6" has never been easier as the extension doesn't carry any additional guides so no need to break down. The perfect method rod for carp and equally at home on rivers.

### Features

- Quality full cork handle
- Quality SIC single lined guides throughout

A1273	Heavy Tip	£15.99

# BLACK ICE COMPETITION RODS

The all new Black Ice rod range has been developed to provide top quality rods at a very reasonable price. Featuring the stunning Black Ice carbon finish.

## NEW BLACK ICE COMPETITION 12FT READY ROD MATCH

More and more anglers are arriving at their pegs, with their rods ready set up in a ready rod holdall. The Black Ice rods have been specifically designed for this function.

The high modulus 12ft two piece rod with its non-locking through action is the perfect tool for modern day commercial match fishing, including the use of pellet or splasher wagglers.

Featuring the stunning 'Black Ice' carbon finish, cork handle with screw reel seat and top quality SIC lined guides throughout.

## NEW BLACK ICE COMPETITION 12FT READY ROD FEEDER

Designed on the same format as the 12ft Ready Rod match, with a matching through action. The high modulus 12ft two piece rod with its non-locking through action is the perfect tool for modern day commercial match fishing with a method or conventional feeder.

Featuring the stunning 'Black Ice' carbon finish, high grade cork handle with screw reel seat and top quality SIC lined guides throughout.

### Features

- EVA twist grip and top quality full cork handle
- High quality single leg lined guides
- Quality graphite screw reel fitting
- Folding hook keeper ring • Put over joints

## NEW BLACK ICE COMPETITION MULTI-TIP

A range of high quality multi-tip rods designed specifically for the modern commercial angler. Featuring the stunning Black Ice finish combined with the perfect parabolic action.

Available in three rod lengths, covering all aspects of modern day feeder fishing, each rod is supplied with three carefully graded quiver tips.

The 11ft 6" model is as good as it gets for short range commercial work. The forgiving action will absorb last minute lunges at the net, reducing hook-pulls.

The 12ft model is the ideal length for all general feeder fishing. The forgiving action lends itself to bream and skimmer fishing while the hidden power will tame today's commercial carp.

When distance casting is required to reach the most wary of fish, the 13ft will provide that extra power to punch the feeder to the horizon. Also ideal for all River work.

### Features

- EVA twist grip and top quality full cork handles
- High quality single leg lined guides throughout
- Quality graphite screw reel fittings
- Supplied in quality rod bag • Engraved end caps

### Through Action

**Recommended casting weight:** 80g @ 11ft 6" • 95g @ 12ft • 110g @ 13ft

**Recommended line rating:** 3lbs - 6lbs @ 11ft 6" • 3lbs - 8lbs @ 12ft + 13ft

**Weight:** 200g @ 11ft 6" • 210g @ 12ft • 234g @ 13ft

Code	Model	RRP
A1315	11ft 6" Multi Tip (3.4m)	£99.99

A1325	13ft Multi Tip (3.9m)	£115.00
A1316	Soft Quiver Tip	£15.99
A1317	Medium Quiver Tip	£15.99
A1318	Heavy Quiver Tip	£15.99

# POWERLITE MATCH RODS

## POWERLITE MATCH 1 & 2 11FT/13FT

Ready to be impressed? Then read on.

Two rods produced to the highest of standards and quality of build. Each rod boasting many of the features and similarities of the Reactorlite family. The ultra slim, high modulus non-locking blanks offer a choice of actions and lengths. Both the Powerlite 1 & 2 will convert from powerful 13 footers to 11ft multi-functional winter carp rods. By simply removing the conventional butt section and adding the shorter butt provided changes both the length and action.

The slimline Powerlites have quality SIC lined guides throughout, folding hook keepers on both butts, EVA twist top grips, carbon twist grip reel seats and full cork handles. Viewing highly recommended.

### Features

- EVA twist grip and top quality full cork handles
- High quality SIC lined guides throughout
- Quality carbon screw reel fittings • Folding hook keeper
- Supplied in quality rod bag

### Through Action

**Recommended casting weight:**  
15g - 20g Match 1 • 20g - 25g Match 2

**Recommended line rating:**  
2lbs - 6lbs Match 1 • 3lbs - 8lbs Match 2

### Weight:

Match 1 - 183g @ 11ft • 192g @ 13ft  
Match 2 - 192g @ 11ft • 228g @ 13ft

Code	Model	RRP
A1290	Powerlite Match 1 (3.3m/3.9m)	£120.00
A1295	Powerlite Match 2 (3.3m/3.9m)	£120.00

## POWERLITE 15FT /17FT FLOAT

Built to a similar specification to the Reactorlite 15ft/18ft. This strong but surprisingly 'tippy' float rod is the perfect tool for commercials down the edge, or controlling big sticks and bolo floats on rivers.

The high specification build provides a rod with quality full cork handle, graphite screw reel seat and EVA top grip. Quality SIC lined guides throughout with high gloss whippings and tippets. To convert from 15ft to 17ft simply add the additional section. The Powerlite has put-over joints reducing the overall diameter and providing a light weight rod with a pleasing action.

### Features

- EVA twist grip and top quality full cork handle
- High quality lined guides throughout
- Quality graphite screw reel fitting • Separate dolly extension
- Folding hook keeper ring • Supplied in quality rod bag

### Tip to Middle Action

**Recommended casting weight:** 30g

**Recommended line rating:** 3lbs - 8lbs

**Weight:** 279g @ 15ft • 317g @ 17ft

Code	Model	RRP
A1285	15ft/17ft Float (4.6m/5.2m)	£99.99

*“An incredibly versatile rod - for less than £100 it's superb”*

*Jamie Masson*

## POWERLITE BAGGING FLOAT/FEEDER 12FT

Superb high modulus carbon float rod which will also convert to a powerful commercial carping tip rod. Non-locking blank with bags of power, but with the feel and balance of a lightweight competition model. Designed specifically for catching big carp on commercial fisheries the overall power allows the angler to wind down hard.

The quiver tip carrier converts the float rod to a powerful tip version accommodating a choice of 3 carefully graded tips. Perfect parabolic action, high quality SIC lined guides throughout, including the three carefully graded quivers, graphite screw reel fitting with twist lock top EVA grip and gun-smoke reel hoods. A full cork handle and neat folding hook keeper complete the impressive specification.

### Features

- EVA twist grip and top quality full cork handle
- High quality SIC single leg lined guides throughout
- Quality graphite screw reel fitting with gun smoke hoods
- 3 graded quiver tips • Folding hook keeper ring
- Supplied in quality rod bag

### Power Through Action

**Recommended casting weight:** 100g

**Recommended line rating:** 4lbs - 10lbs

**Weight:** 225g with float tip • 290g with feeder tips

Code	Model	RRP
A1190	Bagging Float Feeder (3.6m)	£105.00

# POWERLITE FEEDER RODS

## POWERLITE FEEDER SYSTEM

More and more anglers want a feeder rod that will cover lots of different situations, well here it is. The Powerlite Feeder System has been manufactured utilising the 'radial carbon' process, which refuses to lock up under the most extreme pressure. This awesome system offers a combination of 11', 12' and 13' rods. With 3 butt sections, 2 middles, 2 carrier sections and 6 carbon tips, you can now set up two rods, at two different lengths. The 11ft version is the perfect bream and skimmer rod, while the 12ft and 13ft versions are perfect for casting medium method feeders on commercials, or maggot feeders to the far bank on rivers.

Each carbon tip has been carefully graded to marry the action perfectly. Finished in a deep black finish, with black whippings and silver/grey tippets. Single leg SIC lined guides throughout, a folding hook keeper ring and an EVA top twist grip is fitted to the full cork handle.

### Features

- EVA twist grips and top quality full cork handles
- High quality SIC single leg lined guides throughout
- Quality graphite screw reel fittings
- Supplied in quality rod bag • Folding hook keeper ring

### Through Action

*"The feeder rod to cover all situations"*

*Denis White*

## POWERLITE MULTI-TIP 12FT

We felt it was a shame for anglers who didn't want a complete feeder rod system to miss out on the performance of the Powerlite range. So, we introduced the popular 12ft length on its own and it has been a proven seller ever since.

Supplied with six carbon tips, each one has been carefully graded to blend in with the blank perfectly and the selection provides you with the ideal rod for targeting either stillwater bream, commercial fishery carp or river chub.

The Powerlite is a classy rod that has a superb action that's suited to a variety of styles. If you're looking for a new medium feeder rod but don't want to break the bank for top-of-the-range performance, this is the rod for you.

### Features

- EVA twist grips and top quality full cork handles
- High quality SIC single leg lined guides throughout
- Quality graphite screw reel fittings
- Supplied in quality rod bag • Folding hook keeper ring

### Through Action

**Recommended casting weight:** 70g - 90g

**Recommended line rating:** 3lbs - 8lbs

**Weight:** 205g inc tips

A1077	No.2 Quiver Tip	£15.99
A1078	No.3 Quiver Tip	£15.99
A1079	No.4 Quiver Tip	£15.99
A1080	No.5 Quiver Tip	£15.99
A1081	No.6 Quiver Tip	£15.99

## BARBEL SPECIALIST 12FT

The Barbel Specialist 12ft is a traditional Avon style rod with a progressive through action. This makes it the ideal tool for tackling large barbel and chub. The 'Specialist' is supplied with 3 top sections, one is a quiver top with 3 push-in tips, the other 2 tops are hollow and rated at powerful 1.25lb and 1.5lb test curves. With the quiver section fitted, this rod can be used for tench and specimen bream. Whilst the 1.25lb tip will allow you to use mainlines down to 4lb, the heavier tip will cope with mainlines up to 15lb for larger barbel and carp in weedy swims.

### Features

- EVA top twist grip and full cork handle
- High quality lined guides throughout
- Quality graphite screw reel fitting • 3 graded quiver tips
- Supplied in quality rod bag • Folding hook keeper ring

### Power through Action

**Recommended casting weight:** 110g +

A863	Heavy Quiver Tip	£9.99

# GENESIS

## BLACK ICE RODS

The ever popular Genesis brand has seen a massive revamp and upgrade for the forthcoming season. A combination of high modulus carbon, top specification fittings and the stunning new Black Ice carbon finish will make this family of rods one of the real success stories for 2008!

### NEW GENESIS BLACK ICE MATCH RODS

These rods really are superb! The striking Black Ice finish combined with top quality fittings, rarely found at this price point, make these rods sure fire winners. Add the truly outstanding weight to balance ratios and you find yourself holding arguably the best value for money rods available to today's angler. These rods possess the finesse needed for fine line stick float fishing but have more than enough backbone to cope with waggler fishing for today's commercial carp. Available in both 12ft and 13ft lengths.

#### Features

- Quality SIC single leg lined guides
- High grade full cork handle
- Quality graphite screw reel fitting
- EVA twist grip
- Folding hook keeper
- Engraved end cap
- Put over joints

#### Through Action

**Recommended casting weight:** 15g - 25g

**Weight:** 223g @ 12ft • 238g @ 13ft

Code	Model	RRP
A1400	Genesis 13ft Match (3.9m)	£59.99
A1405	Genesis 12ft Match (3.6m)	£54.99

### NEW GENESIS BLACK ICE MULTI TIP 12FT

The already successful Genesis family of rods has received a total upgrade for the forthcoming season. The striking Black Ice finish combined with top quality fittings, rarely found at this price point, make these rods sure fire winners. Add the truly outstanding weight to balance ratios and you find yourself holding arguably the best value for money rods available to today's angler. This impressive rod is perfect for anglers who are looking for a tool that will easily cope with all modern day feeder fishing situations. Supplied with three carefully blended tips.

#### Features

- Quality SIC lined guides
- High grade full cork handle
- Quality graphite screw reel fitting
- EVA twist grip
- Folding hook keeper
- Engraved end cap

#### Medium/Heavy Action

**Recommended casting weight:** 85g

A1412	Medium Quiver Tip	£12.99
A1413	Heavy Quiver Tip	£12.99

# ABYSS RODS

New for 2008 is the Abyss range of rods. These rods represent the highest quality rods we have ever offered at this price level. Featuring striking graphics and quality fittings, these superb carbon rods need to be handled to be fully appreciated.

### NEW ABYSS MATCH RODS

The brand new range of Abyss rods offer unrivalled value for money in today's marketplace. These incredible rods have the look and feel of rods costing three times their price. Manufactured from quality carbon, the weight and action of these rods is unbelievable at this price point.

Ideal all round float rod. The action lends itself perfectly to stick float and waggler fishing on rivers whilst the hidden power in the middle sections cope admirably with commercial carp. Available in 12ft and 13ft lengths.

*"The Abyss rods are just incredible, I couldn't believe the prices"*

Paul Boothby

#### Features

Free Spool & Specimen Reels

The comprehensive range of Tica reels are exclusively distributed in the UK by Maver and has established itself as one of the leading brands for anglers looking for a combination of high build quality, features and affordability.

The basic advantage of the 'Tica' brand is its high quality products at competitive prices. The moulds are manufactured by state of the art in-house Computer Numerical Control (CNC) machines. Mould design accuracy is much thinner than a human hair at 0.001mm. Each mould is examined in 3D graphics to check every detail of the design. The end result being an assurance of quality at the most competitive price points.

Constant innovation is paramount and Tica can now boast 6 individual patent designs within their reel production, with further innovation just around the corner.

With the increasing popularity of front drag reels, the new GA series has been added for 2008. With it's smooth performance and shallow spools it is sure to find favour with anglers looking for top class performance at a reasonable price, definitely worth a closer look.

# REELS

## TECHNOLOGY

### POWER LINE ROLLER

A specially designed line roller, which prevents line twist when casting and retrieving. Not only does this prevent line twist, but will also prolong the life span of the reel line.

### INSTANT ANTI-REVERSE

Provides a higher work rate for less effort, with super smooth operating and minimal wear.

### ANTI-TWIST ROTOR

Patented unique anti-twist rotor, which eliminates line twist, which is commonly found on reels.

### HIT & RUN SYSTEM

The Hit & Run System features a powerful main drag system for big fish. Simply adjust the rear drag to allow a running fish to take line. A quick turn of the handle or a flip of the switch quickly engages the front drag setting.

### WORM SHAFT SYSTEM

Precision cut worm shaft system that significantly improves the reel's smoothness and creates even line winding.

### CRANK OSCILLATING SYSTEM

The Tica patented Crank Oscillation System provides a way to wind the line on to the spool evenly. This system provides longer distance casting ability.

### INTELLIGENT OSCILLATING SYSTEM

Simplifies the complexities of the even line winding function of the worm shaft system and combines it with the durability and reliability of the old oscillating gear system.

### COMPUTER BALANCED ROTOR

Computer designed balanced rotor using the most up-to-date computer technology.

### MULTI-ANTI REVERSE

Multi-Anti Reverse is Tica's patented design. This is an improved system with increased number of 'stop points' on the rotor. This improves the reel's smoothness and prolongs the reel life.

### FIGHTING LEVER

Fighting Lever drag allows you to pre-adjust a secondary drag system. This can then be used to control hard-fighting fish.

### POWER HANDLE KNOB

TICA patented design. Weighted soft touch handle knob provides a comfortable grip while playing big fish.

### CYBERNETIC FRAME

The Cybernetic Integrated Frame System is a new spinning reel body construction, provides anglers with a reel that has superior design and performance.

# REAR DRAG REELS

## ET & LS SERIES

A brilliant range of starter reels featuring a strong, high tensile body with a computer balanced rotor, folding handle and click on/off anti-reverse with 50 multi-stops. The gear ratio is a powerful 4.9:1 with strong gears which gives it a tough but smooth feel. Featuring a patented Crank Oscillation system, which provides a new method to wind the line evenly on the spool. This not only improves line lay, but also improves casting performance. Exceptional value for money.

- 4.9:1 Gear Ratio • Crank Oscillating System
- Ambidextrous Handle • Anti-Twist Line Roller
- Computer Balanced Rotor • Multi Anti Reverse
- ET - 1 Ball Bearing • LS - 5 Ball Bearings
- Line Capacity: (ET3550 - 230m/4lb) (LS3550 - 230m/4lb)

Code	Model	Weight	RRP
C940	ET3550	288g	£8.99

## GK/GS/GT SERIES

Take a look at these beauties and you would expect to pay a high price for exceptional quality and patented technology. Quality - yes, price - substantially below its nearest competitors. All are ideal for float, feeder and spin with a superb quality of build, perfect line lay and high speed retrieve. Supplied with extra graphite match spool. Each lightweight range is available in two popular sizes.

- Instant Anti-Reverse • Anti-Twist Titanium Line Roller
- One Touch Removable Spool • Life Time Bail Spring
- Intelligent Oscillating System • Ambidextrous Handle
- Computer Balanced Anti-Twist Rotor
- GK series features 2 Precision Stainless Steel Ball Bearings
- GS series features 4 Precision Stainless Steel Ball Bearings
- GT series features 6 Precision Stainless Steel Ball Bearings
- Line Capacity:  
GK2550 - 205m/5lb, GK3050 - 183m/8lb  
GS2550 - 201m/6lb, GS3050 - 183m/8lb

*"A range of reels that combines high build quality, features and affordability"*

*Andy Kinder*

## SD SERIES

Features no less than 7 ball bearings with an extra mini bearing inside the line roller, a stainless steel titanium plated bail spring cover and a computer design balanced rotor minimising vibration. The fighting drag system makes playing fish off the drag a more realistic proposition and, to complement this, the anti-reverse is instant, and has no play whatsoever. A reel for anglers who want the ultimate in performance. Supplied with extra graphite spool.

- 7 Ball Bearings • Coiled Bail Spring • Fighting Lever Drag
- Anti-Twist, Titanium Plated Line Roller with 1 bearing
- Stainless Titanium Spool Lip • Worm Shaft System
- Computer Balanced • Instant Anti-Reverse
- Lightweight body • Ambidextrous folding handle
- Line Capacity: (SD3059 - 200m/8lb) (SD3559 - 250m/10lb)

Code	Model	Weight	RRP
C970	SD3059H	350g	£42.99
C971	SD3059H Spool		£6.99
C975	SD3559H	364g	£44.99
C976	SD3559H Spool		£6.99

# FRONT DRAG REELS

## SS SERIES

These stunning reels are ideal for all float, feeder and spin work. Featuring no less than 6 ball bearings, and a precise front drag, these reels are incredibly smooth with excellent line lay. Supplied with a spare spool and extra body panels to change the colour to blue. Incredible quality and value.

- 6 Ball Bearings • Mini Bearing In Line Roller
- Power Line Roller • Anti-Twist, Titanium Plated Line Roller
- Ambidextrous Handle • Instant Anti-Reverse
- Computer Balanced Rotor
- Line Capacity: (SS2500 - 200m/6lb) (SS3500 - 200m/10lb) (SS4000 - 237m/12lb)

Code	Model	Weight	RRP

C1210	SS4000	405g	£52.99
C1211	SS4000 Spool		£6.99

## NEW GA SERIES

New lightweight, compact front drag reels featuring 4 ball bearings. The quality of build is superb, as is the line lay and high speed retrieve. Featuring shallow spools and patented technology. Available in two popular sizes. Supplied with a spare spool as standard. Certain to find favour with anglers looking for a smooth high class reel at a reasonable price.

- 4 Ball Bearings • Intelligent Oscillating System
- Instant Anti-Reverse • Aluminium Body
- Computer Balanced • Cybernetic Frame System
- Rust Resistant Bearing • Ambidextrous folding handle
- Line Capacity: (GA2500 - 100m/4lb) (GA3000 - 110m/5lb)

C1222	GA3000 Std. Spool		£6.99

*"A new classy reel, with superb smooth action and excellent cranking power"*

*Denis White*

## GT SERIES

The precise front drag offers assured fish playing off the clutch and the computer balanced rotor and 6 ball bearings make this reel a top performer. Other features include a long cast spool for maximum casting performance. Supplied with a spare graphite spool as standard.

- 6 Ball Bearings • Worm Shaft System
- Stainless Titanium Spool Lip • Instant Anti-Reverse
- Anti-Twist, Titanium Plated Line Roller
- Computer Balanced Rotor
- Aluminium Spool • Ambidextrous folding handle
- Line Capacity: (GT4000 - 250m/14lb) (GT7000 - 290m/20lb)

Code	Model	Weight	RRP
C1010	GT4000H	443g	£32.99

C1015	GT7000H	705g	£38.99
C1016	GT7000H Spool		£6.99

# FREE SPOOL & SPECIMEN REELS

## GR SERIES

A range of great value, high quality reels, featuring the impressive Tica Hit and Run System. The GR series will appeal to both the modern match angler as well as the conventional carp angler. The long cast spool and excellent line lay maximise casting distance. Incredible quality at a price well below its true value.

- 4 Precision Stainless Steel Ball Bearings
- Hit & Run System • Intelligent Oscillating System
- Ambidextrous Handle • Anti-Twist Titanium Line Roller
- One Touch Removable Spool • Instant Anti-Reverse
- Computer Balanced Anti-Twist Rotor
- Line Capacity: (GR3507 - 200m/10lb) (GR4507 - 260m/12lb)

Code	Model	Weight	RRP
C1190	GR3507	349g	£45.99
C1191	GR3507 Alum. Spool		£6.99
C1195	GR4507	468g	£46.99
C1196	GR4507 3 in 1 Spool		£6.99

## SR SERIES

The Tica Sportera Hit & Run reel offers modern match and carp anglers everything they could possibly want. The Hit & Run system provides a free spool facility, whilst the long cast spool and excellent line lay maximises casting distance. Most importantly the drag system for playing fish is at the front not the rear, giving precise control whilst playing fish. Featuring 7 ball bearings, 2 in the handle and a mini bearing in the power line roller and balanced handle, the Sportera series is incredibly smooth and totally reliable. The instant anti-reverse prevents any free play in the handle making fish playing instant and precise. Whilst the stainless main shaft and worm gearing are tough enough for all sizes of fish. Supplied with a spare spool.

- Computer Balanced Rotor • Instant Anti-Reverse
- Ambidextrous Folding Handle • Hit and Run System
- Line Capacity: (SR3007 - 200m/8lb) (SR3507 - 250m/10lb) (SR4007 - 280m/12lb) (SR4507 - 300m/14lb) (SR5007 - 280m/17lb) (SR6007 - 250m/20lb)

## GF SERIES

The GF Series is designed for long-range fishing. The large, long cast spool and excellent line lay combine to maximise casting potential, whilst the 7 ball bearings, computer balanced rotor and worm shaft system ensures the reel is superbly smooth and efficient. The 4.1:1 gear ratio makes retrieve quick whilst the anti-twist line roller (with mini bearing inside) prevents excessive line twist. The front drag and instant anti-reverse also make fish playing very precise. Supplied with a spare spool.

- 4.1:1 Gear Ratio • Computer Balanced • Worm Shaft System
- Power knob Handle • Instant Anti-Reverse • 7 Ball Bearings
- Long Cast Aluminium Spool • Ambidextrous Folding Handle

Code	Model	Weight	RRP
C1120	GF8000	619g	£59.99
C1130	No.2 Spool (Fibre)		£10.99
C1131	No.3 Spool (Fibre)		£10.99
C1132	No.4 Spool (Alum.)		£10.99
C1133	No.5 Spool (Alum.)		£10.99
C1134	No.8 Spool (Alum.)		£10.99

*"The GF is a superb lightweight reel, with fantastic quick adjustment drag. All for just £59.99."*

Derek Ritchie

## TF SERIES

The Abyss TF series offers the modern carp angler everything he could ever want. There is nothing that compares to the Abyss' build, technology and immense cranking capability. The Tica Hit & Run System offers a free spool facility and the long cast spool, with excellent line lay ensuring maximum casting performance every time. The Abyss is incredibly smooth and totally reliable, thereby putting the angler in total control all the time. The 9 ball bearings, power line roller, worm gear system, anti-twist rotor, and anti-twist line roller ensure that this reel performs to its maximum efficiency. Supplied with a spare spool.

- 9 Precision Stainless Steel Ball bearings
- 4.1:1 Gear Ratio • Computer Balanced Rotor
- Life Time Bail Spring • Anti-twist Rotor
- Aluminium T Shape Handle Arm with 2 Stainless Steel Bearings • Instant Anti-Reverse • Ambidextrous Handle
- Titanium Anti-Twist Line Roller with Stainless Steel Bearing • Long Shaft for Even Line Wind
- Forged Aluminium Spool • Lightweight Strong Body
- Cybernetic Aluminium Frame

# SEATBOXES

The hugely popular Club & Pro seatboxes were one of the industries success stories in 2007, selling in huge quantities. The addition of a footplate to the Pro seatbox package makes it even better value for money for the forthcoming season.

Two new boxes have been added at key price points, that must be seen to be believed! The MX1000 and MX3000 offer style, practicality, superb build quality and incredible value for money.

The MX1000 package includes a footplate and a side tray with bowl that stores under the box for simple transportation. Combine these practical innovations with a drawer configuration that includes cross and front drawers, a 4" base unit for reel storage plus the looks to grace the biggest matches and you come up with a 'must have' product for 2008!

The awesome new MX3000 package utilises a height adjustable inner frame, double extending square legs, cassette style footplate and a removable base unit. Add a wheel kit and handle that is supplied free of charge and you have arguably the most desirable box on the market for 2008!

Additional box attachments have been incorporated into the range and by using clever leg fittings, they can be used on the majority of our competitors boxes.

**SUPPLIED WITH  
WHEEL KIT  
FREE OF CHARGE**

## NEW MX3000 MODULAR SEATBOX

The awesome new MX3000 modular system is certain to turn a few heads in 2008. Offering a modern, stylish and practical seatbox that also represents excellent value for money. The upper body comprises of full width cross drawer, one deep and two shallow front drawers, plus a winder storage tray under the padded pole seat and an additional storage tray. The removable lower body comprises of full width drawer and two storage trays. The seat height is fully adjustable meaning it can be tailored to suit each angler. Featuring a cassette style footplate and double extending legs throughout. Supplied with a fully adjustable and padded shoulder strap.

Seatbox Cover

# SEATBOX ATTACHMENTS

A new comprehensive range of high quality, sensibly priced seatbox attachments, that are fully compatible with the entire Maver seatbox range, as well as most other box systems.

## NEW MX KEEPNET ARMS

Two new keepnet arms, available in two sizes, short 12cm, and long 25cm. The clever leg fitting allows them to be used on the vast majority of seatboxes.

**Product codes:**  
L480 - Short, L481 - Long

## NEW MX UMBRELLA ARM

New high quality umbrella arm. Measuring 29cm and featuring the clever leg fitting allowing it to be used on the majority of leg systems.

**Product code: L484**

## NEW MX MINI BANKSTICKS

Pack of two mini banksticks, measuring 16cm, suitable for a wide range of applications. **Product code: L483**

## NEW MX ACCESSORY ARM & 2 MINI BANKSTICKS

New accessory arm complete with 2 mini banksticks. The two inverted holes make it suitable for attaching a bait waiter or windsock and a keepnet.

**Product code: L482**

## NEW MX SPRAY BAR POLE SUPPORT

This new universal spray bar pole support will fit the vast majority of boxes with standard square legs due to the ability to quickly change the width. Extremely stable, lightweight and fully height adjustable making it suitable for all types of pole fishing. The EVA pole support is profiled making pole positioning precise. Makes fishing long lengths for extended periods much easier, leaving your hands free for feeding.

## NEW MX POLE ROOST BOX ATTACHMENT

Lightweight pole roost box attachment, supplied with two 6 dip keyhole roosts. The front bankstick is telescopic, with a hard point, providing additional support to the main bar. A value for money way of keeping your precious top kits out of harms way. The clever leg fitting allows this attachment to fit most leg systems on the market.

Code	Model	RRP
L490	Pole Roost Attachment	£24.99

Code	Model	RRP
L495	Spray Bar Pole Support	£24.99

## ALUMINIUM SIDE TRAY

Lightweight aluminium side tray, that will easily accommodate a number of bait tubs and accessories. The punched holes stop the tray from filling with water in bad weather conditions.

Code	Model	RRP
L435	Aluminium Side Tray	£19.99

## NEW MX SIDE TRAY & 2 BOWLS

A new clever side tray, that comes complete with two plastic bowls that store neatly under the tray. Meaning you can keep your bait dry and away from the elements in bad conditions.

Code	Model	RRP
L500	MX Side Tray & 2 Bowls	£29.99

## NEW MX UNIVERSAL FEEDER ARM

New lightweight yet sturdy telescopic feeder arm, with stunning carbon effect finish to match the new MX seatboxes. Supplied with an angled attachment for use with rod rests without an in-built angle lock. Featuring the clever leg fitting making it suitable for most leg systems.

Code	Model	RRP
L485	MX Feeder Arm	£15.95

## NEW BAIT BROLLY

New large bait brolly. Measuring 40" square making it perfect for covering even the biggest of side trays. One of the biggest hates of most match anglers is fishing under an umbrella, with the additional size provided this brolly is ideal for keeping the worst of the weather off you whilst not hampering your fishing at all. The brolly also features the clever two-tilt system as found on the full size pole shipper and system umbrellas.

Code	Model	RRP
S355	Bait Brolly	£19.99

Landing Nets & Handles

# NETS & HANDLES

A comprehensive range of high quality polyester and rubber coated keepnets and landing nets. All our production is fully 'Angling Foundation' approved and complete with the foundation approved 'kite mark'.

All our nets are designed to take heavy weights of commercial carp, having tough alloy frames ensuring the nets sink and stand up to the every day strain of large commercial catches.

To further improve our comprehensive range of highly competitive nets, we have introduced Protector Frame technology to our collection of keepnets.

The Protector Frame will protect the keepnet mesh from rubbing and wearing on rough lake or river beds, making worn corners a thing of the past!

This type of frame also helps to ensure that the keepnet stays upright, particularly useful when drying your nets.

As with all of Maver's keepnets the bottom three rings have been reduced in size enabling them to be easily pulled through when weighing in. All Protector Frame keepnets have a different coloured third ring to allow simple identification.

# KEEPNETS

## CARP MESH KEEPNET

Superb polyester fabric keepnets in fine carp mesh. Featuring new angle lock, strong alloy frames with the last three rings reduced in size for easy weighing and 'D' rings at the base for easy staking out. Frame size 50cm x 40cm.

Code	Model	RRP
E264	2.5m Carp Mesh Keepnet	£27.99
E265	3.0m Carp Mesh Keepnet	£29.99

## MICRO-MESH/CARP-SACK KEEPNET

Perfect as a second net on commercial fisheries, due to the carp sacking on the two bottom rings. Manufactured from high quality fish friendly polyester micro mesh. Quality multi-tilt angle lock and strong alloy frames. Frame size 45cm x 35cm.

Code	Model	RRP
E271	3.0m Micromesh Keepnet	£26.99

## RUBBERIZED KEEPNET

Angling Foundation approved rubberized keepnet, featuring a new quality angle lock mechanism, strong alloy frames with the last three rings reduced in size for easy weighing and 'D' rings at the base for easy staking out. Frame size 50cm x 40cm.

Code	Model	RRP
E320	3.0m Rubberized Keepnet	£49.95

## MATCH THIS SHAKE DRY KEEPNET

Angling Foundation approved keepnet, featuring a new mesh that retains far less water. Strong alloy frames throughout with the last three rings reduced in size for easy weighing and 'D' rings at the base for easy staking out. Frame size 50cm x 40cm.

Code	Model	RRP
E310	3.0m Shake Dry Keepnet	£29.99
E311	2.5m Shake Dry Keepnet	£27.99

# PROTECTOR

## FRAME KEEPNETS

A new range of keepnets featuring the innovative Protector Frame technology, meaning no more worn corners on your keepnet. The Protector Frame will protect the keepnet mesh from the rough lake or river bed. The frame also helps to ensure the keepnet stays upright, particularly useful when drying your nets. The bottom three rings have been reduced in size enabling them to easily be pulled through when weighing in. The third ring is also a different colour to allow easy identification. Available in three mesh variations.

# NET SETS

A fantastic selection of the best net sets available. All featuring Angling Foundation approved nets that are totally carp-friendly.

## MATCHMAN'S NET SET

Fantastic net set for the modern angler available in either the Platinum or Team Maver livery. Set comprises:

- 50cm x 40cm x 3.0m Keepnet
- Oval polyester 45cm Landing Net
- Single Stink Bag

Code	Model	RRP
E285	Team Maver Matchmans Net Set	£45.00
E315	Platinum Matchmans Net Set	£45.00

## COMMERCIAL COMBO NET SET

Simply the best net set for the modern commercial angler. Available in either the Platinum or Team Maver livery. Set comprises:

- 50cm x 40cm x 3.0m Keepnet
- 45cm x 35cm x 3.0m Micro Mesh Keepnet
- Oval polyester 45cm Landing Net
- Double Compartment Stink Bag

Code	Model	RRP
E280	Team Maver Commercial Combo Net Set	£69.99
E316	Platinum Commercial Combo Net Set	£69.99

# WEIGH NETS & ACCESSORIES

## WEIGH NETS

With big carp weights being common place, Maver have introduced two weigh nets purposely designed to stand the strain of modern commercial match angling.

Both nets are fish friendly with a strong but lightweight alloy frame with a unique folding device closing the purse. Two metal pyramid weigh clips complete the best design of weigh nets currently available.

Available in rubber coated and standard polyester options.

Size: 65cm x 50cm x 48cm deep.

Code	Product	RRP
E325	Rubberized Weigh Net	£14.99
E326	Polyester Weigh Net	£12.99

## WEIGH NET SUPPORT ARM

EVA hand grip with stainless steel hook for scales. Supplied with screw thread and locking nut for attaching to support arm.

Code	Product
J650	Weigh Net Support Arm

## QUICK RELEASE ADAPTOR

The Maver Quick Release Adaptor is the perfect accessory for today's match angler. With this clever little adaptor there is no need to keep unscrewing your keepnet or any other screw thread accessory. Quick and easy to use, simply pull down the collar to release the adaptor.

Code	Product
J585	Quick Release Adaptor

## JURASSIC BANKSTICKS

Lightweight, but extremely strong banksticks with a unique ribbed construction, making them almost impossible to bend. Moulded head with brass screw fitting and hard, conical points.

Code	Product
D161	30" Bankstick
D162	40" Bankstick

# LANDING NETS & HANDLES

## RUBBERIZED LANDING NETS WITH PROTECTOR FRAME

Manufactured from rubberized fish friendly polyester, fishery approved and with a strong spreader block. Featuring an innovative protector frame that stops the net from fraying around the frame, but also stops any damage to your line when unhooking fish. Quality brass threads. Angling Foundation approved.

Code	Product	RRP
E299	30cm Rubberized Net	£10.99
E300	40cm Rubberized Net	£11.99
E301	45cm Rubberized Net	£12.99

## D FRAME MATCH LANDING NETS

Manufactured from fish friendly polyester, fishery approved labelling and strong spreader block. Strong, lightweight, alloy frames. Quality brass threads. Simply the best looking match landing nets on the market.

Code	Product	RRP
E305	40cm D Frame Net	£9.99
E306	50cm D Frame Net	£10.99

## OVAL CARP LANDING NETS

Manufactured from fish-friendly black polyester, fishery approved labelling and with strong spreader block. Strong, lightweight, alloy frames with unique part round and flat frame construction making them almost impossible to bend. Quality brass threads. The best for match carp fishing.

Code	Product	RRP
E275	45cm Oval Carp Net	£9.99
E276	55cm Oval Carp Net	£10.99

## SILVER FISH PAN NETS

Manufactured from ultra fine polyester material. Very fish friendly as the dorsal fin on carp will not hang up in this special mesh. Strong half round black frame construction making this match net virtually impossible to bend. Brass threads. Angling Foundation approved.

Code	Product	RRP
E290	30cm Silver Fish Net	£7.99
E291	40cm Silver Fish Net	£9.99

## IRON ARM LANDING NET HANDLE

Very strong, lightweight competition handles. Produced from 'Action Glass' with brass thread and telescopic joints, these landing net handles are virtually indestructible.

## JURASSIC POWER LANDING NET HANDLE

Very strong, high modulus carbon 2 piece take-apart handle with an additional short section for easy placement of carp into the keepnet. Brass threaded and pinned for extra strength.

## ABYSS 2000 LANDING NET HANDLE

The Abyss match landing net handle is a fully take-apart carbon handle. Super slim and perfectly balanced, super smooth finish, with put over joints, and quality brass thread.

## JURASSIC REACH LANDING NET HANDLE

A strong, high modulus carbon, 3 piece take apart handle. The top 2 sections measure 2.7m making it ideal for commercials, whilst at its full length it is ideal for weedy river pegs and high banks. Quality brass threads.

Code	Product	RRP
D115	2.0m Iron Arm	£10.99
D116	3.0m Iron Arm	£12.99
D150	2.7m Jurassic Power	£39.99
D155	3.3m Abyss 2000	£49.99
D190	4.0m Jurassic Reach	£59.99

Team Maver Luggage

# LUGGAGE

Maver's reputation for producing top quality luggage at highly competitive prices has been enhanced further for 2008, with the introduction of the new Team Maver range.

The classic green match luggage has received a major face lift for the 2008 season. A highly impactful appearance has been achieved whilst retaining the classic Team Maver colours.

This stylish luggage range has been manufactured from a combination of 900 denier and 600 denier fabrics making each item highly durable. Featuring heavy duty zips, quick release ratchet buckles, heavily padded straps, ergonomically designed carry handles and fully reinforced stress points.

The colours used co-ordinate perfectly with the new range of Team Maver clothing.

The highly successful Platinum range, introduced in 2007, has proven itself to be one of the industries best sellers and continues for 2008.

Every attention to detail has been fully explored on both striking ranges.

# PLATINUM LUGGAGE

We believe that the Maver Platinum luggage is not only the best looking range of luggage ever produced, but it also provides the practicality demanded by today's anglers. This stylish range is quality at its very best. Manufactured from a combination of 840D and a new lightweight 600D rip-stop fabric that has kept the unloaded weight to a minimum. Featuring heavy duty zips, and quick release ratchet buckles on the outer pockets, deluxe leather effect heavily padded straps and ergonomically designed carry handles.

*"The Platinum luggage range is not only visually stunning, it also lives up to the demands of modern angling. Incredibly popular."*

Paul Boothby

## 4 TUBE HOLDALL

# CLOTHING

2007 saw the hugely successful launch of Maver waterproof clothing. The ranges have been increased and improved for 2008 to include a brand new pole jacket, bib & brace, leisure jacket, branded shirts and new caps.

The massively popular Pro range has been enhanced further to include fully waterproof YKK zips and the addition of a detachable bib & brace to the trousers.

The new waterproof bib & brace has been styled to allow it to be worn with any of Maver's match jackets.

Maver's new Pole Jacket and Team Lightweight Jacket are colour matched to the stunning new range of Team Maver Luggage.

Only the highest quality fabrics and materials are utilised in our ranges of garments, ensuring maximum protection and comfort for the angler.

All waterproof clothing has stitched seams fully waterproofed by a special tape. Please take the time to study the following specifications relating to this superb clothing range which is offered at highly competitive prices.

# PRO 2 CLOTHING

The popular Pro Clothing has been restyled for the forthcoming season. Manufactured using the very latest waterproof, breathable and windproof fabrics. The understated, subtle, high class appearance of this clothing combined with the technical and practical features incorporated makes this a 'must have' product for 2008.

# ACCESSORIES

**Here at Maver we are justifiably proud of our product range. We believe we offer top quality products at sensible prices and continue to strive to remain at the forefront of modern technology.**

Of course, we would not be able to achieve such an impressive range of innovative, high quality products without serious hard work and the input from top match anglers like Denis White, Andy Kinder, Paul Boothby, Steve Mayo, Jamie Masson, Carl Jones and Craig O'Brien.

All new products are clearly highlighted with the 'NEW' icon to enable you to quickly identify product that you will not have previously viewed.

New products to note are three new patterns to the popular Match This hook range, a new in-line pole float within the Black Ice Carp collection, a comprehensive range of tackle and accessory boxes and an innovative new matchman's trolley.

# LINE

*“Genesis Extreme performs so well, I can’t recommend it highly enough”* Steve Mayo

## GENESIS EXTREME II

Following on from the popular Genesis monofilament, the ‘Extreme II’ boasts a number of additional features. This top quality mono has gone through a complex production process uniting the best attributes of two proven materials. The pure nylon core is coated with fluorocarbon so knot strength is incredible and linear strength outstanding, but remaining virtually invisible to shy biting fish. The fluorocarbon outer is fully waterproof, sealing the inner core, providing a smooth supple surface. The controlled elasticity allows for lightening quick reaction to shy bites. Ideal for reel and perfect for main pole rigs. Micrometer perfect and correct by way of stated breaking strains. Supplied in neat smaller 150 metre spools.

Code	Size
F380	0.10mm - 2.2lb
F381	0.12mm - 3.3lb
F382	0.14mm - 4.2lb
F383	0.16mm - 5.7lb
F384	0.18mm - 7.1lb
F385	0.20mm - 8.8lb
F386	0.23mm - 9.9lb
F387	0.26mm - 13.2lb

## GENESIS EXTREME HOOKLENGTH

Thanks to the low elasticity, high breaking strain and incredible knot strength, this co-polymer is designed to serve as a tippet or hooklength. Virtually invisible this clear, memory free hooklength performs at its best in clear water or where fish are extremely shy biting. Its hard surface provides high abrasion properties so is at its best where weed, mussels or sharp stones are present. As the breaking strain is slightly less than the Extreme II, this new hooklength becomes the perfect pole rig combination. 100% accurate by way of diameter and breaking strain. Supplied in neat 50 metre spools.

Code	Size
F378	0.06mm - 1.1lb
F379	0.08mm - 1.5lb
F370	0.10mm - 2.1lb
F371	0.12mm - 3.2lb
F372	0.14mm - 4.1lb
F373	0.16mm - 5.6lb
F374	0.18mm - 7.0lb
F375	0.20mm - 8.6lb
F376	0.23mm - 9.8lb
F377	0.26mm - 12.6lb

## GENESIS SMART

Genesis is the ideal pole rig main line. It’s incredibly strong for its diameter with a very impressive knot strength. Its clear colour reduces its visibility and the controlled stretch acts as a shock absorber when large fish are hooked. Genesis is also the ideal hooklength. Fully endorsed and used widely by all the Barnsley Black team members and many other high profile match anglers.

- Very high linear strength
- Above average knot strength
- Perfect calibration • Neutral colour
- Remarkable elasticity
- Ultra low diameter • 150m spools

Code	Size
F270	0.10mm - 2.64lb
F271	0.12mm - 3.96lb
F272	0.14mm - 5.29lb
F273	0.16mm - 6.61lb
F274	0.18mm - 8.15lb
F275	0.20mm - 10.13lb
F276	0.22mm - 12.11lb
F277	0.25mm - 14.85lb

## DUAL BAND

Dual Band monofilament is composed of two different lines which are actually fused together during the manufacturing process. The line is treated with an environmentally friendly bio-resin and then coated with a special UV treatment to cut down damage from harmful UV rays. The strength of this mono is nothing short of incredible, the knot strength is outstanding and the memory is virtually zero. Dual Band is the perfect hybrid between braid and mono. Very low stretch but remarkable linear strength with ultra-low diameters. Use as a main pole line for heaving big carp from weedbeds or as a reel line that offers punch on the cast but provides the qualities of braid for shy-biting skimmers. The larger sizes are certain to attract the carp angler who needs the perfect presentation backed up by supreme strength. Already a proven big seller. Don’t miss out. 150 metre spools.

Code	Size
F365	0.14mm - 6.0lb
F366	0.16mm - 7.90lb
F367	0.18mm - 10.0lb
F368	0.20mm - 12.5lb
F369	0.25mm - 18.7lb

## JURASSIC II ‘THE DON’

This outstanding co-polymer is an unobtrusive red/brown colour purposely designed to cope with all the challenges of modern freshwater angling. The mono is ideal for carp, barbel, salmon and even specimen sea fish. It’s supple surface and extra low memory will enable the angler to cast extreme distances with ease. The relatively low stretch provides the correct sensitivity allowing the angler to set the hook home firmly. The controlled elasticity prevents hook pulls at the net. Incredible breaking strain and superb knot strength, this versatile line is resistant to weed, mussels and sharp edged rocks. Tested by Derek Ritchie, the mono has accounted for his personal best 44lb UK mirror carp. We are also informed that the first colour to become invisible to fish is red, need we say more other than tight lines!

## 300m SPOOLS

Code	Size
F390	0.18mm - 6.2lb
F391	0.20mm - 7.7lb
F392	0.23mm - 10.0lb

## 500m SPOOLS

Code	Size
F395	0.27mm - 12lb
F396	0.32mm - 15lb
F397	0.36mm - 20lb

## 1000m SPOOLS

Code	Size
F400	0.27mm - 12lb
F401	0.32mm - 15lb
F402	0.36mm - 20lb

## MAVER LINE SINK

Biodegradable instant line sink. Simply spray the reel spool to remove line grease. Floating lines will sink instantly without detrimental effect to the monofilament. Product code: J380

*“Jurassic II is such a multi-functional line, I have used the larger sizes for salmon fishing and use the smaller sizes on all of my reels”* Denis White

# HOOKS & HAIR RIGS

## EAGLE SPECIAL INTURNS

Spade end barbless, pattern 9624 SB. One of the most popular commercial carp fishery hooks. Used by lots of top match anglers for fishing meat, corn and chopped worm.

Code	Size
G183	8
G184	10
G185	12
G186	14
G187	16
G188	18
G189	20

## STONFO HAIR RIG KIT

The complete kit, containing two sizes of latex hair rigs, boilie drill and boilie needle. The ideal kit for commercial fisheries. 72 hair rigs in two popular sizes.

Code	Product
H297	Hair Rig Kit

## STONFO BAITING NEEDLE

Baiting needle with an easy-grip plastic handle. Available in 2 sizes and suitable for meat, corn, pellets, boilies and all other particle baits.

Code	Size
H298	Small
H299	Large

## MATCH THIS COMPETITION HAIR RIGS

Tied using top quality, low diameter hi-tech mono with a Maver Eagle inturn barbless eyed hook and a knotless knot. The angle, which is created using a knotless knot, improves hooking efficiency and results in less lost fish and increased catches. All rigs are tied to a 15" hooklength. 5 hair rigs per packet.

Code	Size	Dia
T600	10	0.20mm
T601	12	0.18mm
T602	14	0.18mm
T603	16	0.16mm

## STONFO BAIT BANDS

Simple and easy to use latex bait bands. Simply stretch the bait band over a pellet and insert the hook point into the small eye of the bait band. 18 pieces per packet.

Code	Size
H292	10 - 18mm
H293	16 - 25mm

## STONFO HAIR RIG

Hair rigs have never been so easy, simply pull the latex hair rig through the selected bait and insert the hook point through the small eyelet. 24 pieces per packet.

Code	Size
H295	18mm
H296	30mm

## MAYO'S BAIT BANDS

Selected by top match angler Steve Mayo. These quality soft latex bands will grip all pellet baits for numerous match fishing applications. 100 bands per packet.

Code	Size
J605	3.2mm
J606	4.8mm
J607	6.4mm

## MATCH THIS BANDED HAIR RIGS

Strong forged in-turn hooks tied with a knotless knot to a fine silicone band. Ideal for all particle, meat and pellet baits. Available in a popular range of hook sizes and breaking strains. All rigs are tied to a 15" hooklength. 5 rigs per packet

## STANDARD HAIR LENGTH

Code	Size	Dia
T610	18	0.14mm
T611	16	0.16mm
T612	14	0.18mm
T613	12	0.20mm

## EXTENDED HAIR LENGTH

Code	Size	Dia
T615	18	0.14mm
T616	16	0.16mm
T617	14	0.18mm
T618	12	0.20mm

## MATCH THIS HOOKS

Designed and endorsed by UK champion Jamie Masson, the MT range of hooks has been designed specifically for commercial fisheries. We have only used a premium grade of high carbon steel, to ensure that the hooks remain super strong and, most importantly, seriously sharp. All hooks are chemically sharpened.

*"A superb range of hooks, now with 3 new patterns" Jamie Masson*

## MT3 (Forged)

A classic wide gape hook that is perfect for pellet, corn, meat and paste fishing. Strong forged pattern with a long in-turned point. Spade end and barbless.

Code	Size
G810	10
G811	12
G812	14
G813	16
G814	18

## NEW MT6 (Forged)

Nickel finish, wide gape hook with in-turned point. The strong wire makes this pattern perfect for carp on the pole with pellets, meat or corn. Spade end and barbless.

Code	Size
G825	12
G826	14
G827	16
G828	18
G829	20

## MT1 (All round match)

Fine wire but extremely strong. Use when conditions are difficult and carp are finicky, also ideal for caster fishing. Incredibly sharp point. Spade end wide gape and barbless.

Code	Size
G800	14
G801	16
G802	18
G803	20

# HOOK TYING STORAGE & PUNCHES

## SINGLE MAGNETIC HOOK BOX

10 separate storage compartments, each having a special magnetic inclined plane which allows the angler to take hooks from the box with great ease. Supplied with a magnetic pen.  
**Product Code: G556**

## 10 COMPARTMENT HOOK BOX

Superb little box that enables the angler to store small accessories like shot, hooks, and swivels. Perfect if travelling abroad or for the roaming specialist angler. Manufactured from tough plastic, with hinges good for thousands of openings and fully waterproof.  
**Product Code: G565**

## MATCHMANS HOOK TYER

The most popular hook tyer in the UK. Supplied on a card with full instructions.  
**Product Code: M118**

## SEYMO LOOP TYER

Perfect loops the same size every time. The Seymo Tyer provides 2 sizes of loop to suit your fishing situation. Packaged with full instructions.  
**Product Code: J140**

## LAY FLAT HOOK WALLET

Holds up to 80 hook lengths or rigs. Manufactured in P.V.C. with Maver logo. Ideal for Match or specimen anglers alike. Each wallet contains four compressed EVA hook ups and four rig loop holders. All folding together with Velcro closure.

Code	Size
G152	25cm
G153	35cm

## SEYMO MEAT CUTTER

A range of three cutters for luncheon meat. Simply place cutter on top of opened tin of meat and press down, cutting meat into fingers. Take approx half and repeat process. Clean and easy, cut cubes of meat.

Code	Size
J444	6mm
J445	8mm
J446	10mm

## STONFO ADJUSTABLE LOOP TYER

A clever device that will tie the perfect loop size every time. Can be adjusted to tie loops between 5mm and 25mm. Constructed from heavy duty plastic with a brass adjusting knob which controls desired loop size.  
**Product Code: H260**

## CHOPPED WORM SCISSORS

Superb stainless steel scissors with razor sharp blades and comfortable plastic grips.  
**Product Code: M134**

## TRIPLE BLADE WORM SCISSORS

Three bladed scissor for use when fishing with chopped worm. Tough comfortable handles.  
**Product Code: M132**

## JOLLY SLAMO 23cm

This extra long disgorger is simply brilliant on small hooks. Very effective.  
**Product Code: M110**

## JOLLY SLAMTOE

The original white plastic disgorger.  
**Product Code: M108**

## SLAMATORE DISGORGER/KNOT PICKER

Double ended standard and micro disgorger with ultra fine stainless steel knot picker.  
**Product Code: M123**

## BAIT PUNCHES

Innovative punch with rubber handle. Push plunger head through bait, rotate to cut the hole. Press plunger to push out the middle of the boilie. The bait is now ready for hair rig or pop up.

Code	Size
H310	6mm
H311	8mm
H312	10mm

## MATCH THIS BAIT PUNCH

An essential piece of kit for commercial carp fisheries. Precision-cut stainless steel bait punches with a tough, easy grip handle. Each pack of 4 comprises 1 each of 6mm, 8mm, 10mm and 12mm.  
**Product Code: M140**

## LITTLE SLAMATORE MICRO

Double headed disgorger. Micro and Standard heads. Brilliant on small hooks.  
**Product Code: M125**

## STANDARD PLASTIC

Effective standard disgorger. Assorted colours.  
**Product Code: M117**

## MICRO PLASTIC

Effective micro disgorger. Assorted colours.  
**Product Code: M109**

## LUNCH PUNCH

Simply push barrel head into luncheon meat. Push plunger to extract and cut into required thickness. For bread, just punch through a slice and hook-up.

Code	Size
M130	6mm
M131	12mm
M138	16mm

## BREAD PUNCH

Shallow heads which are double slotted for easy pellet removal without hook blunting. Sizes: 2.5mm, 3.0mm, 4.0mm, 5.0mm.  
**Product Code: M128**

## NEW MATCH THIS BAITING NEEDLE

New fine wire baiting needle ideal for all match fishing applications. Supplied in a pack of two.  
**Product Code: J648**

## BAITING NEEDLE & DRILL

A high quality metal 2 in 1 drill/needle with reversible ends which can be used to either drill or pierce hookbaits.  
**Product Code: T815**

## SPECIMEN LUNCH PUNCH

A 20mm punch that easily cuts meat, bread, cheese etc. Ideal for the specimen angler.  
**Product Code: M136**

## MULTI BREAD PUNCH SET

Bread punch set with shaped high visibility handles and five sizes.  
**Product Code: M124**

# SHOT SWIVELS

## OLIVETTES & PLUMMETS

### MAVER ZLT SHOT (Non toxic)

The best quality shot available. Each size is extremely accurate, soft, and cut centrally to ensure perfect presentation. Supplied in neat dispensers or refill tubs.

#### 8 DIV. SHOT DISPENSER

All the popular sizes packed into an 8 division dispenser. Contains the following sizes: SSG/AAA/AB/BB/1/4/6/(8 lead).

Code	Product
K350	8 Div. Disp

#### 6 DIV. SHOT DISPENSER

Contains the following sizes: AAA/BB/1/4/6/(8 lead).

Code	Product
K351	6 Div. Disp

#### 4 DIV SHOT DISPENSER

Contains the following sizes: AAA/BB/4/6.

Code	Product
K352	8 Div. Disp

#### REFILL TUBS (Non toxic)

Code	Size

K384	5/8oz
K385	3/4oz

#### NEW CORK PLUMMETS

Simple plummet with cork base.

Code	Size
K395	Small
K396	Large

#### SPRING LOADED PLUMMETS

Simply push down the spring loaded stem of the plummet, insert hook and release stem. The hook is then held firmly in the jaws of the plummet with no hook point or shank damage.

Code	Size
K160	0.30g
K161	0.50g
K162	0.80g

# METHOD FEEDERS

A complete range of carp feeders for every situation and venue. The in-line feeders can be used in a non-bolt style to conform with many fishery rules. Superb design and high quality finish.

## ELASTICATED PLOP FEEDER

The plop feeder has been designed for when the conditions are hard. The flat design ensures that the hookbait is always on top. Complete with heavy elastic.

Code	Product
K301	Elasticated Plop

## IN-LINE PLOP FEEDER

Ideal for F1 carp and when small amounts of groundbait are required. The flat design ensures that the hookbait is always on top.

Code	Product
K302	In-Line Plop

## FLAT CARP FEEDER

Flat feeder with heavy elastic shock absorber. The flat lead on one side ensures that the hookbait is always on top of the feeder and visible to the fish. Available in two sizes, large 25/30g and small 18g.

Code	Size
K321	Large
K322	Small

## FLAT CARP FEEDER - BRASS

Heavy duty feeder with heavy elastic shock absorber. Available in two sizes, large 30g and small 18g.

Code	Size
K323	Large
K324	Small

## FLAT INLINE CARP FEEDER

In line feeder with flat lead on one side. Available in two sizes, large 30g and small 18g.

Code	Size
K325	Large
K326	Small

## LONG RANGE FEEDER - BRASS

Heavy duty feeder with long brass stem. Plastic construction with 30g weight.

Code	Product
K327	Long Range Brass

## STANDARD CARP FEEDER

Medium length stem with 20g weight. Medium/heavy elastic shock absorber.

Code	Product
K328	Standard Carp

## CARP IN-LINE FEEDER

Short length stem with 20g weight. Manufactured from lightweight heavy duty plastic.

Code	Product
K329	Carp In Line

## POLE FEEDER

Heavy duty clear plastic with heavy elastic shock absorber. Designed for method fishing on the pole. Available in two sizes, large and small.

Code	Size
K337	Large
K338	Small

## BAGGING WAGGLERS

Large balsa bodied carp floats with loaded method at base of the float. Lethal for fishing at distance with shallow baits. Available in thin and thick body versions.

Code	Size
K330	Thick
K331	Thin

## NYLON CANDLES

Simple candle float with internal elastic. Attach to top eye with link swivel. Attach short hooklength to swivel eye at the nose of the candle. Used for floating baits. Available in small and large sizes.

Code	Size
K335	Large
K336	Small

## NEW 'CRAIG O'BRIEN' METHOD FEEDERS

Designed by the master of commercial carp feeder fishing. Craig's expertise presents us with a range of quality in-line and elastically methods that load and cast with ease. Each hand crafted feeder has a unique dip in the centre of the feeder to tuck in the bait when loading with groundbait. The feeders always lie flat on the bottom of the lake bed. Available in three frame sizes and now with two weight options on the medium and large frame versions.

## NEW 'CRAIG O'BRIEN' IN-LINE METHOD

Code	Size
K400	Small 15g
K401	Medium 20g
K401B	Medium 30g
K402	Large 30g
K402B	Large 20g

## NEW 'CRAIG O'BRIEN' ELASTICATED METHOD

Code	Size
K403	Small 15g
K404	Medium 20g
K404B	Medium 30g
K405	Large 30g
K405B	Large 20g

# STICK FLOATS

## ALLOY STEM STICKS

A smart, well-balanced alloy stem balsa bodied stick float with a slightly pointed top and a pronounced shoulder, enabling the float to be held back in fast water.

Code	Size
H1050	4 x 4
H1051	5 x 4
H1052	6 x 4
H1053	7 x 4
H1054	8 x 4

## CANE STEM STICKS

A classic dome top stick float with a light cane base, perfect for on-the-drop fishing whilst using the traditional 'shirt button' shotting pattern. This type of float will usually be used when fishing at fairly close ranges.

Code	Size
H1055	4 x 4
H1056	5 x 4
H1057	6 x 4
H1058	7 x 4
H1059	8 x 4

*"There is something eternally special about traditional stick float fishing"* Denis White

## LIGNUM STICKS

Another dome top pattern, but this time with a heavy lignum vitae base. Similar use to the cane sticks but will be used for fishing at longer distances.

Code	Size
H1060	4 x 4
H1061	5 x 4
H1062	6 x 4
H1063	7 x 4
H1064	8 x 4

## GIANT LIGNUM STICKS

These tapered domed lignum stick floats are perfect for fishing at distance, but offer that extra sensitivity due to the tapered tips. Perfect for fishing deep swims when you need to get the bait down quickly.

Code	Size
H1165	14 x 4
H1166	12 x 4
H1167	10 x 4
H1168	8 x 4

## FAST WATER LIGNUM STICKS

Simply brilliant when you want to tackle fast flowing rivers. The big dome top enables the angler to drag lots of line along the bottom, without the fear of having the tip pulled under. Perfect for fishing at distance.

Code	Size
H1170	12 x 4
H1171	10 x 4
H1172	8 x 4
H1173	6 x 4
H1174	4 x 4

## FAST WATER ALLOY STICKS

Simply brilliant when you want to tackle fast flowing rivers. The big dome top enables the angler to drag lots of line along the bottom, without the fear of having the tip pulled under. This type of float will usually be fished at fairly close range.

Code	Size
H1175	8 x 4
H1176	7 x 4
H1177	6 x 4
H1178	5 x 4
H1179	4 x 4

## CASTER STICKS

Lightweight cane sticks, ideal for fishing close with casters, hemp & small baits. Suited to small rivers with a slow pace. Ideal for the Avon or Severn for close trotting.

Code	Size
H1305	6 x 8
H1306	8 x 8
H1307	10 x 8
H1308	12 x 8
H1309	14 x 8

# 'THE DON'

## SPECIMEN FLOAT RANGE

### 'THE DON' FRAME FEEDER WAGGLERS

Superb balsa bodied frame feeder float with stumpy body. Heavy duty plastic frame with brass insert and quality swivel. Available in two popular sizes.

Code	Size
H1370	Medium
H1371	Large

### 'THE DON' SLIM LINE FRAME FEEDER WAGGLERS

The perfect balsa slim and long bodied float to beat wind and drift as well as aid accurate and distance casting. Quality heavy duty frame feeder with brass insert and quality swivel. Available in two sizes.

Code	Size
H1372	Medium
H1373	Large

### 'THE DON' CLASSIC COIL FEEDER WAGGLERS

Long cigar bodied balsa floats with a stainless steel coil feeder and brass insert with quality swivel. Ideal for heavy groundbait at distance. Available in two popular sizes.

Code	Size
H1374	Medium
H1375	Large

### 'THE DON' CLASSIC FRAME FEEDER WAGGLERS

Long cigar bodied balsa floats with plastic frame feeder and brass insert with quality swivel. A big distance chucker. Available in two popular sizes.

Code	Size
H1376	Medium
H1377	Large

### 'THE DON' PELLET ROCKETS

A float that delivers pellets and particle baits at distance. This spod type float is weighted for accurate casting at distance and further avoiding the parachute effect. Plastic body with balsa head, loop with quality swivel. Available in two sizes.

Code	Size
H1378	Medium
H1379	Large

### 'THE DON' WINDBEATER CARP CONTROLLER FLOATS

This classic balsa bodied controller will out-fish all other floats during rough and windy conditions. Long torpedo body with stem and high visibility balsa top with quality swivel eye. Brass base weight for distance casting. Available in three sizes.

Code	Size
H1383	No.1 (50m)
H1384	No.2 (60m)
H1385	No.3 (70m)

### 'THE DON' SURFACE CARP CONTROLLER FLOATS

Probably the most widely used controller float in Europe. This classic balsa bodied float casts distance due to the heavy brass weight in the base. Quality rolling swivel top eye. Available in three sizes.

Code	Size
H1380	No.1 (40m)
H1381	No.2 (50m)
H1382	No.3 (60m)

### 'THE DON' CARP SPLASHER FLOATS

Superb balsa bodied missile floats with heavy stem and high visibility balsa top. Quality brass base with rolling swivel. Available in three popular sizes.

Code	Size
H1386	8 grm
H1387	10 grm
H1388	12 grm

# SPLASHERS & SPECIMEN FLOATS

## FLIGHTED SPLASHER

The flighted splasher is used when fishing shallow for carp at distance. The dart flight enables a smooth but accurate cast. The bulbous balsa body ensures that the float does not go too deep when entering the water, passing feeding fish.

Code	Product
H1155	Flighted Splasher 24g

## CARP SPLASHER

These floats are perfect for shallow fishing on commercials. The bulbous balsa body ensures that the float does not go too deep when entering the water, passing feeding fish.

Code	Product
H1150	Carp Splasher 10g
H1151	Carp Splasher 15g
H1152	Carp Splasher 20g
H1153	Carp Splasher 30g

## LONG RANGE FLIGHTED SPLASHER

Long bodied balsa waggler with high visibility flight. Will cast accurately and very straight.

Code	Product
H1320	Long Range Splasher 20g
H1321	Long Range Splasher 28g

## LOADED MINI SPLASHER

Used when a more delicate approach is needed for catching shallow at distance. The extra long stem also gives the float extra stability in windy conditions.

Code	Size
H1160	8g
H1161	10g
H1162	12g

## NEW TAPERED PELLET WAGGLER

A range of high quality tapered pellet waggles, available in loaded and unloaded variations. Ideal for short to medium range commercial fishing. The tapered body makes the waggler less prone to dive deep and spook fish on the cast.

## UNLOADED

Code	Size
H1440	5BB
H1441	3SSG
H1442	5SSG

## LOADED

Code	Size
H1445	5BB
H1446	3SSG
H1447	5SSG

## SPECIMEN WAGGLERS

These specimen waggles are perfect for fishing fast flowing rivers, where you need to drag a lot of line to slow your hook bait down without the fear of the float pulling under. Also excellent for fishing shallow for carp with larger baits. Available in five popular sizes and in loaded or unloaded variations.

Code	Size
H1140	3AAA
H1141	2SSG
H1142	3SSG
H1143	4SSG
H1144	5SSG

Code	Size
H1145	3AAA
H1146	2SSG
H1147	3SSG
H1148	4SSG
H1149	5SSG

## DUMPY WAGGLER

Incredibly popular carp float for fishing shallow. The perfect pellet waggler, also ideal for particle baits, meat and corn. Thick balsa body with strong base eye. Available in three popular sizes.

## LOADED DUMPY WAGGLER

Incredibly popular carp float for fishing shallow. The perfect loaded pellet waggler, also ideal for particle baits, meat and corn. Thick balsa body with strong base eye. Available in three popular sizes.

Code	Size
H1314	2SSG
H1315	3SSG
H1316	4SSG

Code	Size
H1325	2SSG
H1326	3SSG
H1327	4SSG

# CLEAR WAGGLERS

A range of high quality clear waggler floats. The range includes insert and straight wagglers, loaded and unloaded in a wide variety of shotting patterns.

## CLEAR WAGGLER

Well crafted float with a 5mm diameter.

Code	Size
H1400	2BB
H1401	3BB
H1402	4BB
H1403	5BB
H1404	6BB

## CLEAR INSERT WAGGLER

5mm waggler with insert for extra sensitivity.

Code	Size
H1405	3BB
H1406	4BB
H1407	5BB
H1408	6BB
H1409	7BB

## GIANT CLEAR WAGGLER

Larger 6mm waggler for extra weight and stability.

Code	Size
H1410	4BB
H1411	5BB
H1412	6BB
H1413	7BB
H1414	4AAA

## LOADED CLEAR WAGGLER

Brass loaded 5mm waggler.

Code	Size
H1415	4 No.4
H1416	5 No.4
H1417	3BB
H1418	4BB
H1419	5BB

## LOADED GIANT CLEAR WAGGLER

6mm diameter with brass loading.

Code	Size
H1420	2BB
H1421	3BB
H1422	4BB
H1423	5BB
H1424	6BB

## LOADED CLEAR INSERT WAGGLER

Brass loaded insert for extra sensitivity.

Code	Size
H1425	4 No.4
H1426	5 No. 4
H1427	3BB
H1428	4BB
H1429	5BB

# COMMERCIAL WAGGLERS

## NEW CIGAR PELLET WAGGLER

High quality cigar shaped pellet waggler. Balsa body with strong base eye.

Code	Size
H1460	3SSG
H1461	4SSG
H1462	5SSG

## NEW FULLY LOADED CIGAR PELLET WAGGLER

Fully loaded cigar shaped pellet waggler that requires no shot. Brass loading and quality swivel.

Code	Size
H1465	6g
H1466	8g
H1467	10g

## NEW FULLY LOADED DUMPY PELLET WAGGLER

Fully loaded dumpy pellet waggler that requires no shot. Thick balsa body, brass loading and quality swivel.

Code	Size
H1500	3g
H1501	5g
H1502	7g
H1503	9g

## NEW TEAR DROP PELLET WAGGLER

High quality, balsa bodied tear drop waggler, with strong base eye.

Code	Size
H1470	2.5SSG
H1471	3.5SSG
H1472	4.5SSG

## NEW FULLY LOADED TEAR DROP PELLET WAGGLER

Fully loaded tear drop waggler that requires no shot. Balsa body with brass loading and quality swivel.

Code	Size
H1475	5g
H1476	7g
H1477	9g

## NEW FULLY LOADED MUSHROOM WAGGLER

Well crafted waggler with mushroom shaped top. Comes fully loaded, so no shot is required, supplied with a peg leg float adaptor and quick release snap link.

Code	Size
H1480	9g
H1481	13g
H1482	18g

# WAGGLERS & SLIDERS

## MAVER PEARL COMPETITION WAGGLERS

Manufactured utilising the very best grade of peacock and balsa. Only straight peacock is selected to produce this range. Every float is water tested for shotting accuracy and buoyancy. All finished with high quality 'Pearl' finish and black cosmetics. Printed with full shotting guide.

### LOADED PEACOCK

Ultra slim straight peacock floats. Very accurate shotting with loaded brass weighting.

Code	Size
H700	3 No. 4
H701	4 No. 4
H702	5 No. 4
H703	3BB
H704	2AAA

### LOADED MINI PEACOCK

Very thin cut straight peacock in a range of popular sizes. Brass loadings.

Code	Size
H706	3 No. 8
H707	4 No. 8
H708	5 No. 8
H709	6 No. 8

### STRAIGHT PEACOCK

Non-loaded, thin cut straight peacock with plastic base eye. Ideal for rivers and long distance lake work.

Code	Size
H711	5 No. 6
H712	6 No. 6
H713	4 No. 4
H714	6 No. 4
H715	3BB
H716	2AAA
H717	3AAA
H718	4AAA

### STRAIGHT PEACOCK WITH INSERT

Non-loaded peacock wagglers with thinner insert for sensitivity.

Code	Size
H720	6 No. 4
H721	3BB
H722	2AAA
H723	3AAA
H724	4AAA

### LOADED STRAIGHT PEACOCK WITH BODY

Superb distance float in a range of popular sizes. Brass loading. Very high quality and extremely accurate.

Code	Size
H726	3BB
H727	2AAA
H728	3AAA
H729	5AAA
H730	3SSG
H731	4SSG

### STRAIGHT PEACOCK BODIED

Same as 'Straight Peacock With Body' but with non-loaded base. Plastic eye. Available in all the popular match sizes.

Code	Size
H735	2SSG
H736	3SSG
H737	4SSG
H738	5SSG

### MAVER CARP WAGGLERS

A range of big loaded bodied wagglers which have adjustable brass weight loading in the base. Manufactured from top quality peacock with a balsa body and available in 5 popular sizes.

Code	Size
H574	5g
H575	8g
H576	10g
H577	12g
H578	15g

## BARNESLEY BLACKS MATCH WAGGLERS

A range of the very best hand-built match wagglers. Every float has been manufactured to the highest standards. Only the straightest and correct diameter of peacock quill is used in this professional range of competition floats. Finished in black with quality float eyes, gold graphics and shotting guide. The ultimate performance floats – water tested for accuracy.

### STRAIGHT WAGGLER - THIN

Code	Size
H740	2BB

H743	5BB

### STRAIGHT WAGGLER - THICK

Code	Size
H745	3AAA
H746	4AAA
H747	5AAA
H748	6AAA

### INSERT WAGGLER

Code	Size
H750	2AAA
H751	3AAA
H752	4AAA
H753	5AAA

## NEW GPS SPLASHER WAGGLERS

A new range of quality Italian crafted splasher wagglers. Designed by top match angler Steve Mayo. These wagglers cast incredibly accurately and don't dive too deep thanks to the second body below the tip. Featuring adjustable brass weight loading on the base.

Code	Size
H1450	8grm
H1451	10grm
H1452	12grm
H1453	14grm
H1454	16grm
H1455	18grm
H1456	20grm

## COMPETITION SEMI LOADED SLIDERS

A range of quality long range sliders. Long peacock stem with a large balsa body. Ideal for slider fishing at distance. Can be fished with a bulk locking shot or float adaptor as a conventional long range waggler.

Code	Size
H1300	3SSG
H1301	4SSG
H1302	5SSG
H1303	6SSG

## NEW CARPER PART LOADED WAGGLER

Well crafted part loaded wagglers available in three sizes.

Code	Size
H1485	Waggler 1.5g + 3 No. 8
H1486	Waggler 2.0g + 3 No. 6
H1487	Waggler 2.5g + 3 No. 4

## NEW CARPER PART LOADED INSERT WAGGLER

Well crafted, part loaded insert wagglers, available in three sizes.

Code	Size
H1490	Insert 1.5g + 4 No. 8
H1491	Insert 2.0g + 4 No. 6
H1492	Insert 2.5g + 4 No. 4

# MATCH THIS ACCESSORIES

## SILICONE FLOAT ADAPTOR

With quality rolling swivel. 5 pieces per packet.  
Product Code: J610

## 'PEG LEG' FLOAT ADAPTOR

With silicone sleeve, swivel and quick release snap link. 3 pieces per packet.  
Product Code: J611

## QUICK CHANGE FLOAT ADAPTOR

Small barrel body with snap link. Ideal for slider fishing, running leads and feeder fishing. 5 pieces per packet.  
Product Code: J612

## SOFT SILICONE FLOAT & LEGER STOPS

4 sizes of silicone float stops. Simply insert line through wire loop and pull directly onto the mono. 15 stops per packet.

Micro - match lines  
Small - match and leger  
Medium - leger, feeder & large sliders  
Large - pike, game & sea floats

Code	Size
J615	Micro
J616	Small
J617	Medium
J618	Large

## QUICK CHANGE SLIDING FLOAT ADAPTOR

Small barrel body with swivel and quick release snap link. Ideal for slider fishing, running leads and feeder rigs. 5 pieces per packet.  
Product Code: J613

## PLASTIC BEADS

Plastic beads for many applications including pike, coarse, game and sea angling. 25 pieces per packet.

Code	Size
J620	6mm
J621	8mm

## CORD SLIDING STOP KNOTS WITH SLIDING BEADS

The very best sliding knots that grip heavier lines firmly. Ideal for salmon bait anglers and pike fisherman. Perfect for sea anglers with sliding floats. Simply insert the line through the tube and slide stop off. 5 pieces per packet and 10 beads.

Code	Size
J630	Medium
J631	Large

## ASSORTED COLOURED BEAD DISPENSER 8mm

Assorted plastic beads for many applications including pike, coarse, game and sea angling. 60 beads per box.  
Product Code: J625

## HELI RIG BEAD AND SWIVEL

Ideal for helicopter rigs. Can be used for float fishing or running feeder and lead rigs. High quality swivel with quick release snap. 3 pieces per packet.  
Product Code: J635

## SLIDING BEAD SWIVEL

Ideal for many applications including sliding float for match, game, sea and pike fishing. Perfect for feeder and straight lead. Quality rolling swivel and quick release snap link. 5 pieces per packet.  
Product Code: J636

# READY RIGS & FLOAT ACCESSORIES

Silicone Pole Float Sleeves   Assorted Silicone Sleeves Fluorescent   Plastic Pole Float Sleeves

## SILICONE POLE FLOAT SLEEVES

Assortment of 6 sizes in 6 division plastic box.

Product Code: H258

## SURFACE BLOB

These floats have been specifically designed for surface and shallow water fishing. Each float is manufactured from high density polystyrene with a tough plastic cover and has a silicone rubber sleeve through the centre which grips the line perfectly so no locking shots are needed. 6 floats per packet.

Code	Size
H1070	1
H1071	2
H1072	3
H1073	4
H1074	5

## ASSORTED SILICONE SLEEVES FLUORESCENT

Plastic box containing numerous high visibility silicone sleeves cut to approximately 10cm lengths.

Product Code: H261

## PLASTIC POLE FLOAT SLEEVES

Micro float sleeves for carbon, cane and wire stems. 6 sizes in 6 division plastic box.

Product Code: H244

## MATCH FLOAT ATTACHMENT & FEEDER LINK

A snap-link attachment with self lubricating centre to the swivel. Can be used as a conventional waggler attachment or as a sliding link. Also ideal for feeder links. Available in three sizes. 2 pieces per packet.

Code	Size
J485	Small
J486	Medium
J487	Large

## SILICONE RUBBER

Each plastic box contains 5 different sizes of high quality pure silicone rubbers.

Code	Size
H305	0.2-1.0mm
H306	0.7-2.0mm

## PEG LEG FLOAT ATTACHMENTS

Simply thread main reel line through the two silicone sleeves and insert the peg leg. Fish with or without the swivel provided. Quick change with no damage to line. 4 connectors per packet.

Product Code: H240

## CUT FLOAT RUBBERS

A selection of different sized and coloured float rubbers.

Product Code: H243

## CARP RIG

Each rig features a pear-shaped, balsa bodied float with heavy-duty carbon stem and thick plastic day-glo bristle and is tied to 4lb mainline with a 3lb hooklength and size 14 barbless hook. Ideal for up in the water or down with big baits.

Code	Size
H150	4 x 12
H151	4 x 14
H152	4 x 16

## POWER RIG

Extremely robust floats are used, featuring a balsa body, extra strong carbon stem and a thick plastic bristle. The rigs are tied using 8lb mainline and a 5lb hooklength with a strong size 12 barbless hook.

Code	Size
H160	4 x 14
H161	4 x 16
H162	4 x 18

## MARGIN RIG

Each rig features a pear-shaped, balsa bodied float with heavy-duty carbon stem and thick plastic day-glo bristle and is tied to 4lb mainline with a 3lb hooklength and forged, barbless size 14 hook.

Code	Size
H153	4 x 12
H154	4 x 14
H155	4 x 16

## PASTE RIG

The Paste Rigs feature a balsa teardrop bodied float with a robust carbon stem and a long cane bristle. The mainline used is 5lb and the size 14 barbless hook is tied to a 4lb hooklength.

Code	Size
H165	0.50g
H166	0.75g
H167	1.00g

## MARGIN POWER RIG

Robust float with a balsa body and carbon stem. The rigs are tied using 8lb mainline and a 5lb hooklength with a strong size 12 barbless hook.

Code	Size
H180	4 x 10
H181	4 x 12

## ALL ROUND RIG

Each rig features a teardrop, balsa-bodied float with wire stem and translucent plastic bristle and is tied to 3lb mainline with a 2lb hooklength and size 18 (4 x 14 and 4 x 16) or 16 (4 x 18 and 1.00g) barbless hook.

Code	Size
H156	4 x 14
H157	4 x 16
H158	4 x 18
H159	1.00g

## CANAL RIG

The Canal Rigs feature 2 types of float, a slim teardrop-shaped body variety with a carbon stem and plastic bristle, and the ever-popular 'dibber'. Each rig is tied using 2.5 lb mainline with a 1.5lb hooklength and a size 20 barbless hook.

Code	Size
H170	4 x 8
H171	4 x 10
H172	4 x 12
H173	4 x 14
H174	4 x 10 Dibber
H175	4 x 12 Dibber

# BLACK ICE CARP POLE FLOATS

A comprehensive range of high quality, Italian crafted, balsa bodied pole floats. Featuring a choice of carbon and wire stems, and nylon or cane tips, you are sure to find the right float for any situation in this fantastic range. Designed by Denis White, Carl Jones, Andy Kinder, Steve Mayo, Paul Boothby and Scottish International Jamie Masson.

## MARGIN

Balsa bodied carbon stem. Very versatile float, at home on canals caster fishing or on commercial fisheries, fishing shallow or down the edge.

Code	Size
H1200	4 x 8
H1201	4 x 10
H1202	4 x 12
H1203	4 x 14

## CHOP

Teardrop body with a highly visible plastic bristle. Brilliant for shallow fishing, or fishing down the edge.

Code	Size
H1210	4 x 10
H1211	4 x 12
H1212	4 x 14

## NEW IN LINE

Strong, in-line pole floats, with hole through balsa body. The classic shape makes it perfect for all stillwater fishing. With strong carbon stem and thick nylon bristle.

Code	Size
H1560	4 x 12
H1561	4 x 14
H1562	0.60g
H1563	0.75g
H1564	1.0g

## PASTE

Slim shaped balsa body with extra long carbon stem and extra thick cane bristle. Designed to fish with paste baits on stillwaters.

Code	Size
H1205	0.5g
H1206	1.0g
H1207	1.5g
H1208	2.0g

## SERIES 1

Classic stillwater pattern, strong balsa body with plastic bristle and fibre stem. Perfect for fishing baits like maggot, caster and corn.

Code	Size
H1215	0.20g
H1216	0.30g
H1217	0.40g
H1218	0.60g
H1219	1.0g

## DECK

Stumpy balsa teardrop body with highly visible bristle and carbon stem. Perfect for large baits like meat and corn.

Code	Size
H1220	0.30g
H1221	0.40g
H1222	0.50g
H1223	0.60g
H1224	0.75g
H1225	1.0g

## JONA

Long slim balsa body, with high visibility bristle and long carbon stem for stability. The perfect shape for pellet or chopped worm fishing.

Code	Size
H1230	4 x 12
H1231	4 x 14
H1232	0.50g
H1233	0.75g
H1234	1.0g

## PELLET 1

Slim balsa body, with carbon stem and thin plastic bristle. At home being used on canals with squatt & pinkie or commercials with pellet and corn.

Code	Size
H1235	4 x 10
H1236	4 x 12
H1237	4 x 14
H1238	4 x 16

## SERIES 2

Teardrop body with nylon tip and carbon stem. A true all-round pattern.

Code	Size
H1240	0.10g
H1241	0.20g
H1242	0.30g
H1243	0.40g

## PELLET 2

Balsa bodied long teardrop with thick nylon bristle, and carbon stem. The perfect float for fishing with a small bulk shot for either pellet or corn fishing.

Code	Size
H1245	4 x 8
H1246	4 x 10
H1247	4 x 12
H1248	4 x 14

## SLIM

A versatile float with a slim oval shaped body and a cane bristle. Ideal for shallow swims, on the drop and presenting caster baits.

Code	Size
H1250	3 x 8
H1251	4 x 10
H1252	4 x 12
H1253	4 x 14
H1254	4 x 16

## ALL ROUND

Teardrop body, with high visibility cane bristle and carbon stem. The perfect float for all round commercial fishing.

Code	Size
H1255	4 x 10
H1256	4 x 12
H1257	4 x 14
H1258	0.50g

*"A superb range of floats that cover every single situation that you'll ever come across"*

Jamie Masson

# BLACK ICE CARP POLE FLOATS

## JURASSIC DIBBER

Strong robust dibber float, with balsa body and carbon stem. Ideal for up in the water or margin fishing.

Code	Size
H1340	0.05g
H1341	0.10g
H1342	0.20g
H1343	0.30g

## POLAR

The ideal float for all stillwater work. With the larger sizes ideal for Irish or Danish bagging rigs.

Code	Size
H1350	4 x 10
H1351	4 x 12
H1352	4 x 14
H1353	0.50g
H1354	4 x 18
H1355	1.0g
H1356	1.5g
H1357	2.0g
H1358	3.0g
H1359	4.0g
H1359A	5.0g

## PASTE SELF COCKING

Strong self cocking paste float, that is set to the base of the tip. Perfect for fishing paste close in or in shallow water.

Code	Size
H1345	-

## F1

The Black Ice Carp F1 comes with a hollow nylon tip, and carbon stem, with a diamond balsa body. Ideal for when the carp are having it in the warmer months, fishing with pellet or paste.

Code	Size
H1335	4 x 10
H1336	4 x 12
H1337	4 x 14
H1338	4 x 16
H1339	4 x 18
H1339A	1.0g

## MARGIN PASTE

A teardrop shaped body, with a carbon stem and the necessary long cane bristle. This float is slightly shorter than usual for margin fishing.

Code	Size
H1360	4 x 12
H1361	4 x 14
H1362	4 x 16
H1363	4 x 18
H1364	1.0g

## F1 FINESSE

The Black Ice Carp F1 Finesse is designed for when the bites are a bit more tentative. Features a nylon tip, carbon stem and balsa diamond body.

Code	Size
H1330	4 x 10
H1331	4 x 12
H1332	4 x 14
H1333	4 x 16
H1334	4 x 18
H1334A	1.0g

# BLACK ICE COMPETITION POLE FLOATS

## SERIES 1

Classic still water float for a number of applications. Small sizes ideal for bloodworm on Rivers, Lakes and Canals, and the larger sizes for deep Lakes and Rivers. The pear shaped body is very stable and the high visibility fibre bristle allows for the shyest of bites. Long wire stem.

Code	Size
H1265	4 x 14
H1266	4 x 16
H1267	4 x 18
H1268	4 x 20
H1269	1.5g

## SERIES 2

This float has been designed with Canals in mind, but is also perfect for drains and shallow Lakes. Fibre bristle and wire stem. Brilliant for squatt and pinkie fishing as the wire stem allows you to detect bites on the drop.

Code	Size
H1270	4 x 8
H1271	4 x 10
H1272	4 x 12
H1273	4 x 14
H1274	4 x 16

## SERIES 3

Ideal float for River fishing due to the bulbous body. The eye position prevents the float from riding up enabling perfect bait presentation. All sizes are also suitable for Lake fishing with olivette down. High visibility plastic bristle and wire stem.

Code	Size
H1275	0.5g
H1276	0.75g
H1277	1.0g
H1278	1.5g
H1279	2.0g

*"The Black Ice Competition pole floats are aimed at more traditional styles of pole fishing"* Andy Kinder

## SERIES 4

A versatile float for use on both Lakes and Canals. Can also be used on slow moving Rivers and will sit stable in rough conditions. The fibre top allows for sensitive bite registration making it perfect for silver fish, cocking quickly to the wire stem.

Code	Size
H1280	0.1g
H1281	0.2g
H1282	0.3g
H1283	0.5g
H1284	0.75g

## SERIES 5

If there is one float for all round work, then this is the one! At home on Canals with pinkie, squatt and bloodworm and ideal for hemp and tares. The float can be held back or allowed to run on Rivers or fished with bulk down for small fish on Canals and Lakes. A 'gem' of a float with high visibility fibre bristle and wire stem.

Code	Size
H1285	0.2g
H1286	0.3g
H1287	0.5g
H1288	0.75g
H1289	1.0g

# POLE ELASTIC

## DUAL CORE ELASTIC

Manufactured using a twin core hollow system, which enables the elastic to not only stretch further, but also to retract faster, that is without doubt a massive benefit to anglers who fish commercials. Dual core will outperform all normal elastics in terms of stretch, strength and wear. Available in 4 sizes. Endorsed by Jamie Masson and tested to the maximum by our consultants. 3 metres per packet.

Code	Size
J489	5 - 8
J490	6 - 10
J491	12 - 20
J492	16 - 20+

## MATCH THIS SOLID ELASTIC

A range of quality solid elastics in a range of popular sizes. All neatly spooled in 5m lengths.

Code	Size
J560	6
J561	8
J562	10
J563	12
J564	14

*"With more people reverting back to solid elastics, the Maver coloured latex offers top quality performance"* Jamie Masson

## PURE LATEX ELASTIC

A pure latex match elastic with an almost unbelievable stretch factor, making it very difficult to bottom out. This cream coloured elastic is the best we've seen, and has become a best seller in match circles. Supplied in 5 metre spools.

Code	Size
J470	2 - 0.2mm
J471	3 - 0.7mm
J472	4 - 0.8mm
J473	5 - 0.9mm
J474	6 - 1.0mm
J475	8 - 1.2mm
J476	10 - 1.4mm
J477	12 - 1.6mm
J478	14 - 1.8mm
J479	16/18 - 2.1mm
J479A	18/20 - 2.3mm

## SELF LUBRICATED SILICONISED LATEX

Pole elastic at its very best. 5 metres of carefully graded elastic on each winder and available in every popular size. The elastic has its own self-lubricating properties, eliminating friction and wear. All Maver colour coded elastics are easy to see when fish are hooked and the pure latex offers the correct amount of controlled stretch. Six grades complete the range. Free winder and elastic connector worth £1.25 at RRP.

Code	Size
J273	4
J274	5
J275	6
J276	8
J277	10
J278	12

## COLOURED PURE LATEX

This highly popular range of colour coded latex elastic goes from strength to strength. Incredible stretch factor and visibility. Supplied in 5 metre spools.

Code	Size
J570	6
J571	8
J572	10
J573	12
J574	14
J575	16/18
J576	18/20

# CONNECTORS & POLE BUSHES

## JUMBO HOLLOW ELASTIC CONNECTOR

Large elastic connector, ideal for use with 14 - 20 solid elastic as well as the largest hollow elastics. 2 pieces per packet.  
**Product Code: J646**

## SUPER CARP ELASTIC CONNECTOR

Large elastic connector, ideal for use with 8 - 12 solid elastic as well as 6 - 10 Dual Core elastics. 2 pieces per packet.  
**Product Code: J645**

## SUPER CARP CONNECTORS (ELASTIC 12 - 14)

Colour coded connectors for heavy elastics. 2 per packet.

Code	Colour
J098	Yellow
J099	Blue
J100	Green

## JUMBO CONNECTORS

Designed especially for large elastics from 16 up to size 20+ and all hollow elastics.

Code	Colour
J105	Yellow
J106	Orange

## COLOUR CODED ELASTIC CONNECTORS

Colour coded connectors for all elastics. 1 per packet.

## (ELASTIC 1 - 4) MICRO MINI CONNECTORS

Code	Colour
J070	Blue
J071	Orange
J072	Yellow
J073	Green
J074	Pink
J075	Purple

## MICRO CONNECTORS (ELASTIC 4 - 8)

Code	Colour
J080	Blue
J081	Orange
J082	Yellow
J083	Green
J084	Pink
J085	Purple

## MAXI CONNECTORS (ELASTIC 8 - 12)

Code	Colour
J090	Blue
J091	Orange
J092	Yellow
J093	Green
J094	Pink
J095	Purple

*"I'd go as far as to say that these are the best internal bushes on the market"* Pat MacInnes Advanced Pole Fishing

## MATCH THIS INTERNAL POLE BUSHES

Machined from solid PTFE, these internal bushes are very robust and offer excellent value for money. Size 6 now available.

Code	Size
J500	1 - 2.8mm
J501	2 - 3.0mm
J502	3 - 3.2mm
J503	4 - 3.5mm
J504	5 - 3.8mm
J505	6 - 4.0mm

Code	Size
J431	1 - 1.75mm
J432	2 - 2.0mm
J433	3 - 2.25mm
J434	4 - 2.5mm
J435	5 - 3.0mm
J436	6 - 3.5mm
J437	7 - 4.0mm
J438	8 - 4.5mm
J439	9 - 5.5mm

## EXTERNAL PTFE POLE BUSHES

Individually packaged in 9 different sizes to suit all diameters of elastic. All 1 single per packet.

## INTERNAL PTFE POLE BUSHES

No-nonsense PTFE Pole bushes produced from the best raw materials available. Perfectly machined in a range of sizes to suit all elastics.

Code	Size
J450	1.1mm
J451	1.4mm
J452	1.7mm
J453	2.0mm
J454	2.3mm
J455	2.6mm
J456	2.8mm

## SILTASTIC 300ML

A superb, water soluble, siliconised elastic lubricant. One application will last for a five hour competition and lubricates much better than thicker oil based lubricants. When empty they make a great atomiser.

**Product Code: J392**

## SOLID TIP CONNECTORS

Returned due to popular demand. 8 sizes of robust connectors that simply glue directly onto the pole tip.

Code	Size
J520	0.65mm
J521	0.75mm
J522	0.85mm
J523	1.0mm
J524	1.25mm
J525	1.5mm
J526	1.8mm
J527	2.0mm

# ELASTICATION

## MULETTO SYSTEM

The Mulletto has been re-launched and designed to accommodate popular hollow elastics. The device has never worked better and will release double the elastic when large lumps are hooked and retract faster than any elastic system currently available. There is absolutely no need to hand line the elastic with this system. Hollow elastics lock solid and retract by simply lowering the tip of the pole which instantly gathers the elastic. One size bung fits most Maver top 3 kits and power top 2 kits.

Code	Product
J315	Mulletto System

## ASSEMBLED MULETTO POWER KIT

Ready assembled power kit incorporating the patented Mulletto bung and nose cone. Each kit is ready elasticated with the popular orange Maver Dual Core 12/20 hollow elastic. The tip of the power kit contains the best internal PTFE bush. The kit is ready to go and can be cut back at the base to fit many poles currently on the market. The Mulletto system works brilliantly with hollow elastics in place. Assembled kit contains: Mulletto bung and wheel, nose cone, extractor rod, internal PTFE bush and 3 metres of 12/20 Maver Dual Core.

Code	RRP
B5120	£49.99

## POLE BUNG & EXTRACTOR

The Pole Bung & Extractor offers many advantages over normal bungs. One size fits all. No need to affix a tail. Will never jam in your section. Will act as an internal seal, making the section float. Bung is removed with extractor rod. Already scored for easy cutting. Available in packs of two bungs, a bung and an extractor rod or an extractor rod.

- Patent No. GB 2 306 093

Code	Product
J405	Cone & Rod
J406	2 Cones
J407	Extr. Rod

## JURASSIC BUNG & EXTRACTOR

Larger size of the standard pole bung, suitable for sections 3, 4 and 5.

Code	Product
J411	Cone & Rod
J412	2 Cones

## CONE ELASTIC BUNGS

Range of high quality Coned Pole Bungs. Available in 3 sizes. 2 bungs per packet.

Code	Size
J154	Small
J154M	Medium
J154L	Large

## NEW RAPPA BUNGS

The Rappa Bung has been designed to store additional elastic on a winder, enabling the angler to make a quick adjustment on the tension of the elastic. Removed in seconds by the Maver extractor rod. Manufactured from strong yet lightweight plastic. Available in two sizes, large and small.

- Patent No. GB 2 306 093

## Small Bung

Code	Product
J660	2 Bungs
J665	Bung & Rod

## Large Bung

Code	Product
J661	2 Bungs
J666	Bung & Rod

## POLE ELASTIC THREADER

Extra long diamond eye threader on a self-contained spool. Never kinks - simply wind back into holder after use. **Product Code: J149**

## SILICONE ANCHORS

Top quality super stretch anchors in soft silicone. 10 pieces per packet. **Product Code: H252**

## POLE ELASTIC WISHBONES

Plastic clips that insert into the pole section to protect elastics when storing top kits. 5 pieces per packet. **Product Code: J640**

## POLE ELASTIC THREADER

High quality twisted wire pole elastic threader with grip eye. Supplied in 3m lengths. **Product Code: J150**

## STONFO ADJUSTA ANCHORS

A type of ultra-stretchy winder anchor which is available in 2 sizes. The small size is suitable for winders up to 22cm and the large size for winders up to 35cm.

Code	Size
H248	Small
H249	Large

## STONFO ELASTIC PROTECTOR

A clever little device which eliminates damaging of elastics when storing top kits. The plastic wishbone accommodates all sizes of elastic. 6 pieces per packet. **Product Code: H265**

## POLE FLOAT WINDERS

Strong plastic winders - colour coded for all types of pole and waggler rigs.

Code	Size
H253	10cm
H254	12cm
H255	14cm
H256	16cm
H257	18cm

## POLE WINDER BOXES

Robust plastic winder boxes taking 5 sizes of pole winder. Each box is supplied complete with 10 quality pole winders.

Code	Size
J250	12cm
J251	14cm
J252	16cm
J253	18cm
J254	20cm

# POLE CUPS & BAIT DROPPERS

## NEW POLE POT SET

New set of pole pots, manufactured from strong yet lightweight plastic. Supplied with two adaptor sleeves with brass threads, one with standard bore and one with large bore. 3 pots per pack, small (100ml), medium (150ml) and large (250ml).

Code	Product
J675	Maver Pole Pot Set

## MAVER POLE POTS

2 sized pots, medium (100ml) and large (250ml), with two interchangeable adapter sleeves. The pots are lightweight in construction and the whole system makes feeding easy. All have stainless steel threads. Supplied with 2 pots per packet.

Code	Product
J308	Maver Pole Pots

## MAVER UNIVERSAL TOP 2 CUPPING KIT & CUPS

A superb cupping kit, manufactured from high modulus carbon. Each kit has a long, reinforced base, enabling the angler to cut back to fit most poles. It can be used as a power kit for big elastics or for cupping. The large diameter tip reduces 'bounce' when shipping large amounts of feed. Supplied with two cups, 1 x 100ml and 1 x 250ml and two metal thread adaptors.

1 Cupping Kit & 2 Cups per trade pack.

Code	Product	RRP
B5190	Universal Cupping Kit	£39.99

## POLE POTS

Adjustable pole pots for every angling situation. The fixing clip screws securely to the pole tip and can be repositioned by simply twisting the complete unit and moving. Great for leaving in position on the pole whilst fishing. 4 pots per pack

Code	Product
J300	Pole Pots (set of 4)

## SEYMO ON-POT

Simple small pot, which hooks directly onto the pole tip to feed whilst fishing. Available in black or clear.

Code	Product
J313	Black Seymo On Pot
J314	Clear Seymo On Pot

## SEYMO POPAPOT

3 sizes of pole pot that simply clip onto the screw connector affixed to pole tip. 2 sizes of connector which fit tips 1mm to 3.3mm diameter and 2.5mm to 5mm carp tips. All pots are colour coded. 3 pieces per packet.

Code	Product
J600	Seymo Popapot

## TEAR DROP BAIT DROPPERS

A new and unique design in bait droppers. Heavy enough to get the bait down but easy to use.

Code	Size
K206	Small 2oz
K207	Med 4oz
K208	Large 8oz

## BAIT DROPPERS

Metal bait dropper with slotted front and hinged lid. Ideal for deep water feeding.

Code	Size
K201	Small
K202	Medium
K203	Large

## ELASTIC RINGS

Elastic rings that are simply placed over top sets or larger sections to hook up spare rigs. Can be left in place whilst fishing and also used as a depth indicator. 5 sizes per individual pack.

Code	Product
J191	Elastic Rings

**COMING SOON**  
A range of lightweight pole pots with innovative fitting

# RESTS & ROOSTS

## WINDSOCK POLE REST

Neat polyester wind sock with heavy foam padded frame. 'V' insert on top of rest for sections or rod rest. The best way to hold your sections and a safe alternative to the tulip rest.

Code	Product
E295	Windsock Pole Rest

## SLIDING REST 30cm

Green EVA main body with stainless steel bar and sliding rod rest bobbin. Black metal base and brass thread. Ideal for all feeder fishing on commercials.

Code	Product
J541	Sliding Rest

## 6 DIP KEYHOLE ROOST

Green EVA head with 6 keyhole roost slots. Ideal for all match and power kits. Black metal base and brass thread.

Code	Product
J542	6 Dip Keyhole Roost

## STANDARD ROOSTS

Green EVA head with black metal base and brass thread. Available in 3 sizes: 6 Dip, 8 Dip and 12 Dip.

Code	Product
J543	6 Dip Roost
J545	8 Dip Roost
J546	12 Dip Roost

## BAIT RIDDLE

Approx 36cm x 27cm area mesh riddle of the highest quality. Strong diamond mesh ideal for maggot and caster. Rippled base for mincing meat for feed. Two large side handles.

Code	Product
J555	Bait Riddle

## STANDARD REST

Simple but effective rod rest. Adjustable multi position and brass thread.

Code	Product
J511	Standard Rest

## TULIP REST

Designed to stop pole sections sliding down the bank after unshipping. Spring loaded gripper band will grip sections 3 to 6 easily. Fully adjustable. Comes complete with brass thread.

Code	Product
J510	Tulip Rest

## MULTI-ANGLE LOCK

The Maver Multi - Angle lock is an essential accessory for today's match and pleasure angler. Simply position the screw thread at the angle required and lock in position. Ideal for use with rod rests and roosts. The lock can be positioned at any angle within 180°, and also rotates around 360°.

Code	Product
J580	Multi-Angle Lock

## QUIVER REST 30cm

Green EVA head with 15 rod positions. Long ears to stop the rod being pulled out of the rest when vicious bites are present. Black metal base with brass thread.

Code	Product
J544	Quiver Rest

## PRECISION FEEDER REST

Long rubber coated metal rest with adjustable 'O' rings. Strong moulded base with brass thread.

Code	Product
J548	Precision Feeder Rest

## 4 DIP QUIVER REST

Robust four dip adjustable feeder rest. With angle tilt and a brass thread.

Code	Product
J516	4 Dip Quiver Rest

## V ROLLERS

Soft green rubber roller with rippled surface. Moulded spreader block and brass thread. Available in 3 sizes: 10cm, 15cm and 25cm.

Code	Product
J550	V Roller 10cm
J551	V Roller 15cm
J552	V Roller 25cm

# POLE ROLLERS

**MATCH THIS 4 LEG FOLDING ROLLER**

Lightweight but strong. This 4 leg roller has adjustable legs with pointed feet for stabilising. Snap lock telescopic legs. long flat roller with two end upright rollers which lift up and fold down. Strong moulded frame. All folds down flat in a neat printed carry case.

Code	Model	RRP
L180	MT 40cm 4 Leg Roller	£24.99

**NEW FLAT BED ROLLER**

New flat bed competition roller, with twin rollers for breaking down twice. The large size makes shipping easier. The strong, sturdy four leg frame is fully height adjustable making this a very versatile roller. All packaged in its own quality carry case.

Code	Model	RRP
L195	Flat Bed Roller	£39.99

**MATCH THIS 4 LEG FREE STANDING POLE ROOST**

Green EVA top with 10 dips. Metal frame with 4 fully adjustable telescopic legs with points for extra stability. Snap lock adjustable legs. All packaged in its own quality carry case.

Code	Model	RRP

8" long competition pole roller with one central fitting.

Code	RRP
J178	£11.99

**TEE ROLLER**

A specially designed roller that fits onto the Mega Hulk Roller to give an added option when there is limited room behind the angler to unship or store pole sections.

Code	RRP
J189	£14.99

**UNDER/OVER POLE ROLLER**

Combined roller used as a back roller or rest.

Code	RRP
J177	£7.75

**FRONT/REAR ROLLER**

Fits directly onto box leg systems to support the pole whilst feeding.

Code	RRP
J187	£19.95

# TROLLEY & UMBRELLAS

## NEW DELUXE MATCHMANS TROLLEY

Very robust matchmans trolley with detachable pneumatic wheels. Lightweight and well balanced. The extendable arms on the base of the trolley enables the angler to accommodate most if not all seatboxes. Extendable handle with rubber hand grips. Featuring height adjustable and extendable horizontal padded 'L' bars to lock a seatbox or carryall securely in place. The welded 'O' rings, for fixing elasticated bungee straps are easily accessible, even when the trolley is fully loaded. Comes supplied with 2 high quality bungee straps as standard.

Code	Model	RRP
L450	Deluxe Matchmans Trolley	£44.99

*“Strong, lightweight and stable - a very clever design that really works”*

Denis White

## NYLON UMBRELLA

Superb value for money. Incredibly lightweight and robust, due to the PU coating. The tilt action offers total protection from side winds.

- Nylon cover with attractive Maver logo
- Tilt action
- Epoxy coated steel centre pole
- PU Coated

Code	Model	RRP
S350	45" Umbrella	£24.99
S351	50" Umbrella	£29.99

## SYSTEM UMBRELLA

PU coated umbrella that offers total protection. Centre pole unscrews allowing maximum space under umbrella. Fully sealed and supplied with 'D' rings for ground support. The unique two-tilt system and 2ft removable extension enables the umbrella to fit flush with the ground, protecting the angler from strong side winds.

- Wide backed umbrella
- Alloy centre pole
- Complete with carry case
- Dual Tilt
- PU coated nylon with welded sealed seams
- Attractive Maver logo
- Fitted 'D' ring anchor points

Code	Model	RRP
S353	50" System Umbrella	£55.95

## POLE SHIPPER

Perfect for the match angler. This is totally different to conventional umbrellas due to the two unique pole vents and two tilt options. The pole vent enables the angler to ship the pole back through the vents whilst still having total protection and cover from the rain. The unique two-tilt system and 2ft removable extension enables the umbrella to fit flush with the ground, protecting the angler from strong side winds. Superb value for money.

- 7 panel shelter with pole vents
- Alloy centre pole
- Dual Tilt
- PU coated nylon with welded sealed seams
- Attractive Maver logo
- Fitted 'D' ring anchor points

Code	Model	RRP
S352	50" Pole Shipper	£49.95

## BROLLY-LITE SEAL

PU Coated umbrella that offers excellent protection. The wide back allows maximum space under the canopy. Fully sealed heat welded seams and made from a super heavy-duty rubberised material. Supplied with 'D' rings for extra ground support. Comes complete with storm cap swivels. Very robust and ideal for competition or carp fishing.

- Alloy centre pole
- Multi Tilt Action
- PU coated nylon with welded sealed seams
- Centre pole unscrews and relocates below the canopy to give maximum space under the umbrella

Code	Model	RRP
S354	50" Brolly-lite Seal	£49.95
